KurzbeschreibungHe wanted her for four weeks. Only she didn't really know why. TJ Walker and Mila Antonia Brookstone have known each other for years. He's her brother's best friend and she's admired his muscular body and handsome good looks since she was a teenager. Only he was never interested, until now. In a game of cat and mouse, TJ and Mila find themselves going back and forth like they always do, only this time something is different. They become closer on a summer trip to the lake house, only neither one really knows who is pursuing whom. And the secrets behind both pursuits are well hidden. TJ wants her to be his fake fianc for a reason, but the reason she accepts might well surprise everyone. In the game of romance, can secrets ever truly lead to love? NOTE: This novella is a free prequel to the full-length standalone novel Four Week Fianc, that will be released on June 23rd. It will also be included in Four Week Fianc when it is released, so you can read it first as a free download or you can read it as part of the novel on release day.
