took a while for the lightbulb to go on to realise that Sadie featured in the first book and is Shae's sister. I have to admit that this book was tough going there were times where I wanted to lob my kindle at the wall. Luckily for me I didn't. 3 "The History of Cash and Sadie." Stars This is a second chance romance and they are always tough for me. There is always a reason why it didn't work in the first place. Sadie and Cash have something special. I've got to freely admit that I didn't get why Sadie broke it off with Cash. I liked Sadie and I didn't I adored Cash. Sadie thought with her head and not her heart. Sadie needs stability and lives by the book with rules and lists. Life is messy it ain't gonna work. Adorable, hot as sin Cash. He has only ever loved Sadie and Sadie has only ever loved Cash. Quinn, Cash's Mum has breast cancer. Throw in a hormonal pregnant sister. Living the life you want and not what you should. Sadie lived in her head too much for my liking. It was slow going for them at the beginning and then a 360 turn to what they then do. The writing style is good and I will always read Ms. Chastain's books.

Kurzbeschreibung Reunited and it feels so...good? Cash Brady was Sadie Martin's first love. Actually, he was her only love, but she'd ended their long-distance relationship during a tough first year of college and now she is back in their hometown, having graduated, and on the cusp of the rest of her life. It doesn't take long for things to get confusing between the two of them amidst parental illness, a hormonal, pregnant sister and her wild family, best friend interference, ex drama, and a car that just won't start (not to mention Sadie's dysfunctional to-do lists). But Sadie is nothing, if not determined, to get her life on track...even if everything has to get a little messy first. First love. Second chances. This is Cash and Sadie's story. **A companion novel to The Good Side of Crazy, but can absolutely be read as a standalone** Kurzbeschreibung Reunited and it feels so...good? She currently resides in central California with her husband, two daughters, and manic mutt, Penny. She is addicted to books, music, and Greek yogurt; She is the author of "Morning Star", "The Good Side of Crazy", and "My Kind of Crazy". On an average day, you'll catch her hanging with her kindergarteners singing songs about ABC's and pizza, her kindle and iPod not far out of reach.
