Elinor is the subject of a plot by her guardian to force her into a marriage with a depraved lord. A former governess now retired helps her assume false credentials in order to obtain a position as governess until her twenty-fifth birthday when she gains control of her inheritance. She finds it fairly easy to settle into her humble role--but not so easy to control her emotions around her very attractive employer, Lord Trenville. Lord Trenville has never found it difficult to follow the honorable Whitson family policy of not getting involved with employees--until the very attractive governess arrives. Except for her status, "Miss Palmer" is everything he ever wanted in a mate. But someone in his household is a French spy, and "Miss Palmer" doesn't seem to be a typical governess. Circumstantial evidence--and a lack of other suspects--makes him wonder if she could indeed be guilty of treason. And if she were, would he risk his own political position to save her? A highly-recommended "sweet" romance with just enough mystery to keep a reader glued to the pages. Finally--a hero who is not a rake needing reforming--but an honorable, vulnerable gentleman who needs a like-minded helpmeet and a mother for his children. Truly an enjoyable read! 0 von 0 Kunden fanden die folgende Rezension hilfreich. I really liked this book, but..... Von Mary Collette List I really loved this book, but I have some very minor quibbles. The first maybe considered a bit picyune, but it did have a small inaccuracy in it. Sharks do not leave skeletal remains. Second- ly, In the wake of Elinor's and Peter's rescue from their wicked guardian, Adrian gave Peter some brandy, it was established that he was fifteen and Adrian's remark after Peter drank some and had a coughing spell was not proper. Even in Regencies I do not hold with underage drinking.

Kurzbeschreibung When Elinor Richards' guardian attempted to barter her in marriage to an unsavory gentleman, the desperate heiress only saw one solution. Disguising herself as "Miss Palmer, " she took the post of governess to the twin children of the Marquis of Trenville. Yet, when the proximity of her attractive employer heightened her senses intolerably, Elinor saw how rash she had been. For propriety required Adrian to fancy none but a lady -- or a courtesan -- and "Miss Palmer" was neither Kurzbeschreibung When Elinor Richards' guardian attempted to barter her in marriage to an unsavory gentleman, the desperate heiress only saw one solution. Disguising herself as "Miss Palmer, " she took the post of governess to the twin children of the Marquis of Trenville. Yet, when the proximity of her attractive employer heightened her senses intolerably, Elinor saw how rash she had been. For propriety required Adrian to fancy none but a lady -- or a courtesan -- and "Miss Palmer" was neither Synopsis Looking for a spy in his household, widower Adrian, Marquis of Trenville, doesn't realize that Miss Palmer, the governess, is really Elinor Richards, an heiress fleeing an arranged marriage.
