In 1475 England, due to the strange visions he always suffered, Gareth Beaumont saved the life of eight-year old Margery Welles when treachery left her in peril. However, her brothers never trusted a Beaumont, including Gareth, and he soon began a life of a mercenary exile. Now a dozen years later, Gareth awakens from sleep knowing that that Margery is back in trouble. Although he would prefer to pretend this was a dream, he knows the Beaumont curse has sent him a vision that he cannot ignore because of his oath to Lord Welles. He travels to Margery's home where he learns the King has granted her permission to marry anyone she chooses. She asks her childhood friend to protect her from unsavory suitors by acting as her fiancé. However, soon love enters the picture even if he is not her equal. The third installment in Gayle Callen's exciting medieval romance trilogy, MY LADY'S GUARDIAN, is an entertaining story filled with action and tension. The story line moves rapidly forward due to the antics of the engaging lead couple. As with Ms. Callen's previous novels, THE DARKEST KNIGHT and A KNIGHT'S VOW, fans of the sub-genre will relish a tale that highlights the thrilling heart-thumping elements that make historical romances so enjoyable.

My Lady's Guardian
Von Affaire de Coeur
When Margery Welles was a child, Sir Gareth Beaumont saved her life. They had become friends but lost touch for several years. Now that Margery is grown, Gareth senses Margery is in danger once again. Margery's danger is of a different sort now. Since she is young and unmarried, she is sought by many noblemen for her beauty and her fortune. A terrible secret prevents Margery from marrying, but Gareth sees beyond the secret and recognizes Margery for the person she is. The pageantry and intrigue of the Middle Ages comes alive in Gayle Callen's 4 1/2 star final installment in this trilogy. It's a lovely way to tie all three books together, and Gareth and Margery are characters to remember
