Von MaryJanice Davidson, P. C. Cast, Susan Grant, Gena Showalter : Mysteria before purchasing it in order to gage whether or not it would be worth my time, and all praised Mysteria:

Ausgestoenen und Andersartigen. Hier leben Hexen, Werwlfe, Vampire und andere magische Geschpfe. In vier Novellen werden die Geschichten von vier Frauen erzht, die auf vllig verschiedene Weise den Partner frs Leben finden. Eine Geschichte ist besser als die andere, am besten vielleicht die letzte von P.C. Cast, in der eine Lehrerin nicht nur die Liebe sondern auch die Magie in ihrem Leben wiederfindet. Aber auch die anderen drei Geschichten sind mitreierend und zu Herzen gehend. In Susan Grants Geschichte wird ein Dmon wegen guter Taten aus der Hlle ausgestoen und findet sich zu Fen der Pastorin von Mysteria wieder. MaryJanice Davidson schickt einen Werwolf, der unter Menschen aufgewachsen ist, auf die Suche nach anderen seiner Art. In Mysteria angekommen, interessiert er sich jedoch viel mehr fr Charlene, die ihre eigene Agenda hat. In Gena Showalters Geschichte ist die Hexe Genevieve verzweifelt. Barbesitzer Hunter, fr den sie seit Jahren schwrm, lsst sie nach wie vor abblitzen, obwohl er ihren Reizen nicht abgeneigt zu sein scheint. Genevieve beschliet, einen Liebeszauber anzuwenden, mit ungeahnten Folgen. In allen Geschichten tauchen dieselben Orte und Charaktere auf. Obwohl jede Autorin einen eigenen Stil hat, und die Hauptpersonen sich ndern, hat man so eher das Gefhl, ein kontinuierliches Buch zu lesen, als vier eigenstndige Geschichten. Normalerweise lese ich solche Anthologien immer ber mehrere Wochen hinweg, "Mysteria" habe ich an einem Tag ausgelesen. Hoffentlich nehmen sich noch weitere Autoren dieses Projektes an. Ich wrde jedenfalls gerne noch mehr ber die merkwrdigen Bewohner von Mysteria lesen.

4 paranormal novellas
 Von S. Fischer
 This anthology is basically one new story and three rewritten stories from the anthology 'Bewitched, bothered and bevampyred'. Some of the names were changed (because of a different publisher and other authors who invented these characters and their names), but it's very obvious that the basic idea is the same. All the stories are set in a very unusual American smalltown that is home to all kinds of paranormal creatures: werewolves, vampires, faeries, trolls, demons, witches, you name it... Here this town is named Mysteria (in the original anthology it was Brokenoggin Falls). All stories are humourous and often erotic to some degree, but everything has been toned down for a mainstream publisher and audience compared to 'Bewitched...'. It is still fun though, and personally I preferred this version of PC Cast's story to the rather nasty original. All in all, these stories are well-written and very entertaining.

Susan Grant: Mortal in Mysteria (rewritten)
 When a demon starts to commit 'random acts of kindness', Satan himself takes away his powers, makes him mortal and banishes him to Mysteria - where he promptly meets and falls in love with Harmony Faithfull, the town's new minister. She falls in love with him too, but that makes her a target for the demons who try to make their former colleague's life a living hell...

MaryJanice Davidson: Alone wolf (new story)
 Cole Jones was orphaned at a young age, which was even more terrible than usual because he was a werewolf who knew absolutely nothing about his people. When he finally comes to Mysteria to find out about his people, he not only finds other werewolves, but also falls in love with Charlene, who belongs to a completely different species...

Gena Showalter: The witches of Mysteria and the dead who love them (rewritten)
 Genevieve, a young witch, has long been in love with Hunter, who has never treated her as more than a friend. What she doesn't know is that he had a premonition which showed that he would die if he ever loved her. Enter Genevieve's sister who gives her a love potion so she can finally seduce Hunter...

P. C. Cast: Candy Cox and the big bad (were)wolf
 After 5 divorces Candy has sworn off men. But should that oath also count for the young werewolf she encounters in the woods and who has felt attracted to her for a long time?

Kurzbeschreibung
 Meet the women of Mysteria and the creatures they fall for in four stories of paranormal passion from four New York Times bestselling authors. Located in the picturesque mountains of Colorado, Mysteria is a place where the supernatural co-exists with the natural. It's a town of bewitching seduction, dark magic, and sensual demons...

In MaryJanice Davidson's Alone Wolf, Charlene Houtenan is the voluptuous local realtor, who knows a hot property when she sees one. And when a new werewolf appears in town, she's going to make a move he can't resist...

In P. C. Cast's Candy Cox and the Big Bad (Were) Wolf, Candice Cox may be Mysteria High's sexiest teacher, but after five husbands, she's burnt out on romance. Until a former student a drool-worthy werewolf makes her howl at the moon.

In Gena Showalter's The Witches of Mysteria and the Dead Who Love Them, Genevieve Tawdry is a witch with a bad case of unrequited love for the owner of the local bar. But is his sudden change of heart the result of a love potion or a literally breathtaking passion?

In Susan Grant's Mortal in Mysteria, Harmony Faithfull is the new minister in town. She's having a crisis of faith in herself until she finds a buck-naked man in her garden, a former demon who unleashes the devil inside her...

From Publishers Weekly
 Splitting the difference between Desperate Housewives and The X-Files, this paranormal romance brings magic and monsters to the steamy suburbs in four satisfying novellas about the town of Mysteria. Bestseller Grant kicks off the volume with the story of the demon responsible for leading a group of supernatural settlers to establish Mysteria, a Colorado haven for the paranormal. Centuries after his "random act of demonic kindness," Satan casts the demon out of Hell, naked and mortal, to be discovered, sheltered and eventually loved by the town's female pastor. Gena Showalter's contribution is the most lusty of the bunch, following a hunky psychic who has visions that the witch he's desperately in love with will be the death of him. In P.C. Cast's novella, a frustrated high school teacher, descendant of the only nonmagical founder of Mysteria

("Her magic worked like her marriages. Not at all"), is pursued by a young werewolf she used to teach. Bestseller MaryJanice Davidson follows another werewolf, this one in the market for a house which turns out to be haunted by a sarcastic ghost in an enjoyable but underdeveloped episode. There's magic, heat and lots of laughs in these loosely conjoined stories, and it's obvious the authors had a great time putting the book together; the growing audience for paranormal romance should have nearly as good a time reading it.
