KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Trotz Gips in NtenVon mockingbirdNadia ist unzufrieden mit ihrem Ehemann Gary. Trotz der schweren Verletzungen nach ihrem Reitunfall, arrangiert sie kurz nach ihrer Krankenhausentlassung ein Treffen mit ihrem Liebhaber Josh. Mit Folgen ...Locker und humorvoll (aber nicht geschmacklos) geschrieben. Es ist ansant, welche Verrenkungen Nadia

unternimmt, um für Josh attraktiv zu erscheinen. Sehr unterhaltsam, kann man gut empfehlen.

Kurzbeschreibung Nadia is finally home from the hospital after a horseback riding accident, but she still has a long recovery ahead of her. Her legs are broken and are in long leg casts. Her neck and torso are braced. Though she is barely able to move from the broken bones, her husband has to go back to work and leave her alone. Little does he know that she's waiting for her lover. **This is a short story and will only be erotic to people interested in casting. This story is fantasy only and the author would never wish these experiences on any real person. ** Kurzbeschreibung Nadia is finally home from the hospital after a horseback riding accident, but she still has a long recovery ahead of her.
