Von Megan Hart : Naked before purchasing it in order to gage whether or not it would be worth my time, and all praised Naked:

KundenrezensionenHilfreichste Kundenrezensionen5 von 5 Kunden fanden die folgende Rezension hilfreich. An absolute keeper!Von SusiSunshineWarning: This will be an ode to the awesomeness that is Megan Hart so expect to read the words love and adore often in this review.I admit this is the first book I read twice before I started to review it. First time I was too enthralled to make any notes and the only thing I could say about it afterwards was WOW. That

would have been a really short review so I started it again and forced myself to take breaks and write down what I thought. Long list and now I'm trying to get the things in order for you. Naked is finally Alex Kennedy's book but that's by far not the only reason I loved it. I waited so long for his HEA and I knew the moment I had the ebook that I couldn't wait any second longer to start it. And I loved every word written in it. It's hard to explain but this book was for me one big OMG-So-Good-Moment. I couldn't stop and I wanted more at the end. I enjoyed reading it twice and today Caroline told me she started it and I thought: "You have to read it again." That's how much I loved it. Naked is written out of Olivia Mackey's POV. She is a woman with a past. Olivia got burned by a man in the past. She was hurt but still couldn't cut all the emotional strings attaching her to him. She knows she should but you know how that can go- it can be hard to let go. But when she meets Alex she sees the potential even if she's still cautious about the danger he represents. She decides to grab her chance for happiness. She developed a method to avoid being hurt: just don't ask about the uncomfortable things. She is still insecure but which girl wouldn't be after that last relationship. Olivia is strong at heart and she works hard to get what she wants. She still tries to find her way in life and sometimes she feels a bit lost in the middle of everything. Alex is still Mr. Mysterious but he shows more of his vulnerabilities in this novel (we met him for the first time in Tempted). He tries hard to be seen as more than a world travelling gay guy. He wants to be seen as the character he is, as a person who deserves the complete focus, love and adoration of someone- no sharing for him anymore. He is such a caring and loving character- sure he has his quirks from time to time too but most of his actions are based on his yearning for acceptance, appreciation and love. He says the sweetest things and he totally melted my heart to a puddle of goo. I love him and I know I want an Alex of my own. *dreams* Besides our couple Naked is full of other great characters. I adore Sarah, Olivia's BFF. She's one of the funniest persons ever and she made me laugh so hard that I had tears in my eyes. I just say Cunnilingus Phone Survey. We also meet some characters from former novels again and I'm always squealing when I read about those. They all found a place in my heart and it makes me smile to see them happy or on the way to get there. ;) The story focuses on family, homosexuality and religion- and how they influenced Olivia. All can be touchy topics but Mrs. Hart handles them great. I loved how she explained Olivia's way of finding her own religion. She showed how hard it is to find what fits you best. Being agnostic, or whatever it's called, myself I usually don't appreciate much religious talk but she never ventured into the preaching side of it- she just told about experience and not about how to convert someone. She also included some rather sensitive family problems. She made me think about myself and my life again and that's one of the main reasons why I love her books so much. And she has those wonderful Star Trek and Douglas Adams references I adore so much. Naked is a very sexy thought provoking novel. The writing is outstanding and the characters will draw you in from the start. Naked made me laugh, think and cry and I loved every second of it. When you want a book that will touch you deep inside and entertain you the whole time this is the book for you. I'm sure it will be at the top of my Best Reads in 2010 list. An absolute Keeper and I'm sure I will talk about this book for a long time to come. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Eigentlich gut Von katha228 aber ich hatte davor bereits Dirty, Callboys und Beichte eines Verführers gelesen. Die waren wesentlich packender und tiefergründiger als diese Geschichte. Sie hat zwar eine Identitätskrise, diese wird aber durch ihre oberflächliche Behandlung kaum greifbar. Schade eigentlich

Kurzbeschreibung No strings. No regrets. And no going back. I didn't think he wanted me. And I wasn't about to get involved with him, not after what I'd heard. Alex Kennedy was tall, dark and unbearably hot, but I've been burned before. Maybe it was stupid of me to offer, but he needed a place to crash and I needed to pay the rent, but now he's my tenant with benefits. And now that we've crossed that line, I can't seem to find my way back. But I can't give my heart to a man who's unconventional. His last relationship was with a married couple. It's enough that my ex-fiancé preferred men I won't take that chance again no matter how much my body thrives on Alex's touch. I can't risk it, but I can't resist it, either. Alex can be very convincing when he wants something. And he wants me. Kurzbeschreibung No strings. No regrets. And no going back. I didn't think he wanted me.
