Pleasantly surprised by the quality of the writing and the developed characterization. I felt for Jenny and I guess I indulged in every guy's desire to be an Alpha male with a stable of submissives in my control. I will surely go back and get to the other three books in the series. I read the fourth first to see what the ending was like. Yes, I am the type that reads the last page first. As good as 50 Shades.0 von 0 Kunden fanden die folgende Rezension hilfreich. Steamy!Von Author Angie MartinI've read the rest of the series up to here, so it was time to give this one a try! I loved it! It continues the story of Jenny, a privileged girl from birth. Her father "commits" her to a horse ranch - but she soon finds out she is the pony! Before CP Mandara, I had not read stories of this kind, but it is fascinating and sexy. I will continue seeking out her other books!0 von 0 Kunden fanden die folgende Rezension hilfreich. Named and Shamed: "The Body Minus The Mind"Von Thomas BakerI was given a complimentary copy of "Named and Shamed" and NOT asked for a fair and honest opinion. I was told, instead, (quote) "... my books are very steamy BDSM erotica - which might not be your thing." (end of quote) Nonetheless, this review represents my attempt to do justice to a genre that I have little knowledge of, and have rarely read. Long preamble, but yes, this is my fair and unbiased opinion of "Named and Shamed", by C. P. Mandara.First, an excerpt from the book is both instructive and conclusive:(quote) "Her body twisted and shook, but the fingers paid no heed. They continued their mischievous ministrations until they had extracted the maximum number of orgasmic contractions and had her gasping for breath and trembling for all she was worth. So intense were the sensations that racked her body, her body drooped and her head fell towards the floor beneath her. She was flying. Faster and harder than the Concorde, it was an elite experience where every nerve ending tingled and every synapse within her body lit up.Sold to paddle number 452 for the princely sum of 1.6 million!The auctioneers animated voice echoed in her head. Jenny wasn't really processing what was going on in the room, but somewhere a distant brain cell informed her that it was a reasonably impressive figure... Somebody had just paid for a two day vacation with her body, minus her mind. Who were these people?" (end of quote)As we can see from the excerpt, this book has everything any good book must have. It has a protagonist who will evoke a profound emotional reaction from the reader. It has a compelling plot open to multiple interpretations and readings. The helplessness and powerlessness of Jenny can be read on many levels of understanding. Regardless of the perspective that prevails, each reader will be able to approach the reading of the book in a satisfying, fulfilling manner.In conclusion, author C. P. Mandara has cleverly catered to the needs of her adult readers. If reading this from the morality angle, you can bring morals and values into play as you read. If reading from the lifestyle angle, whether curious or experienced, you definitely find yourself in the hands of an author who truly knows what she is writing about. And if reading from the lens of a simple book reviewer, like me, I find good storytelling, mixing fact and fantasy flawlessly to please her intended audience. Highly recommended.Reviewed by Thomas Jerome BakerAuthor of How to Coach A Debate Team

KurzbeschreibungGritting her teeth Jenny grimaced and gave him what he wanted; the lewd sight of her backside jiggling this way and that as he continued to spank it. His hand now felt like sandpaper on the sensitised flesh. How much longer would she have to endure this? The clamps continued to bite into her tender nipples, and as she swayed to and fro she could feel them moving with her, the ache increasing with each passing second...If Jenny thought life was hard under the expert tutelage of Mark, being faced with a stable full of sex-starved pony girls poses several more challenges. For instance, how do you bring eleven young women to orgasm in a timely fashion? But to her surprise, tackling the problem with experimentation and enthusiasm, she finds herself enjoying the experience.When training begins it is anything but enjoyable, however. Harnessed in pony girl tack, her body is encircled with leather, rubber and steel. It nips, chafes and rubs cruelly, especially when she's faced with a morning of naughty games in the exercise yard.In Book Four of Pony Tales Jenny earns herself several punishments, and is subjected to some very thorough sex indoctrination she has to submit to the whims of her groom, trainers and even the stable-hands. Will rescue arrive or will she have to beg to be released, with nothing more than her body as currency?KurzbeschreibungGritting her teeth Jenny grimaced and gave him what he wanted; the lewd sight of her backside jiggling this way and that as he continued to spank it. be released, with nothing more than her body as currency?ber den Autor und weitere MitwirkendeChristina Mandara was born in the UK, but has spent most of her life travelling the world. She speaks three languages and has been chiefly employed in the fields of finance and travel. Her favourite city is Sydney and her favourite holiday destination is the south of France. She loves keeping fit and enjoys running, cycling and water sports. No, not those kinds of water sports; think surfing or sailing. That doesn't mean that she doesn't enjoy BDSM in all of its glorious forms, be that pony girls, bondage, edge play, orgasm denial or a damn good spanking. Her favourite item in the toy closet (a box simply isn't big enough) is her riding crop. In her spare time she's usually cuddled up with a good book, exploring the countryside or baking in the kitchen. In fact, she loves her kitchen so much she's one of few woman who wouldn't mind being tied to it! Her first and foremost love is writing, however, and more often than not you'll find her on a laptop spinning tales of romance, erotica or dark, paranormal fantasies. Those in the BDSM world might wonder whether Ms Mandara is a top or a bottom. Is she currently training a herd of pony boys or is she stabled up, in full leather tack, with the pony girls? It's a good question. Answers on a postcard please or try and figure it out yourself by visiting Ms Mandara's blog: [www.christinamandara.wordpress.com](http://www.christinamandara.wordpress.com)
