Hilarious!Von ButtercupOK, so this book is just another contemporary romance with the heroine and hero meeting under less than perfect circumstances, trying to resist falling in love but ending up loving each other anyway with a wonderful happy ending.What's different is that this book is very, very funny.The heroine stumbles from one mishap to the other while trying to save the hotel she's the manager of from being sold off in parts by corporate and impressing, against her better judgement, one totally attractive and very male guest.Unbeknownst to the hotel staff that one particular guest is the consultant sent to do the final report on the hotel who arrived early under a different name and who, against his better judgement, cannot seem to stay away from the heroine.Throughout the whole story and no

matter how hilarious it gets, the author always manages to stay on the right side of good taste and introduces the reader to several odd, but good-hearted characters. For lovers of humorous romance this is a must-read! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hilarious!! A fast-paced, page turner. Von Ein Kunde This book kept me laughing page after page. I couldn't put it down, so I stayed up all night to finish it. Cindy is the General Manager of an old, historic hotel. The hotel has a reputation for attracting unusual clientele (Trek fans, Adult Toy Salesmen to name a few). Eric is a sophisticated bureaucrat sent by management to investigate the unusual reports about Cindy and to evaluate her hotel. The problem is, he arrives without her knowing who he is. Cindy's antics and the problems that occur with the hotel are uproariously funny. For a while, she even thinks Eric is one of the Adult Toy Salesmen!!! You must read this book if only to unravel the story behind the blue silk pajamas and to commiserate with Cindy and her many disastrous hair make-overs. The characters are all well-developed from the hotel barber to the concierge. I loved them all! I've always enjoyed books by Stephanie Bond but NAUGHTY OR NICE? is one of her best. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hilarious!! You won't be able to put it down! Von Ein Kunde I love humorous romance stories and this is definitely one of the best that I've ever read. Make sure you read it alone because you won't be able to stop laughing!!

Kurzbeschreibung Corporate hatchet man Eric Quinn Stanton had never let pleasure interfere with business until now. Arriving early and incognito at the Chandelier House, he planned to see firsthand what was working and what wasn't. Unfortunately, he couldn't seem to see past general manager Cindy Warren's beautiful green eyes or her other assets. But would Cindy still want him when she discovered he'd been more naughty than nice?
