**Von Lexie Syrah : Torn: A Dark BDSM Romance Novel (Shattered Lives Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Torn: A Dark BDSM Romance Novel (Shattered Lives Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.

wow Von Erin Ich schrieb den Beitrag in Englisch, da das Buch ist in Englisch This isnt the first story from this writer I read, but it is the longest. I got it from a friend, since he thought I would like to read it. And I sure liked it. The start of the book is different, since she is homeless. The way it is described how she sees him for the first time. Finding him handsome, but being afraid he wants something from her. But when he leaves her money and walks away she takes the risk. It is described in a realistic and smart way, every woman, even homeless should be careful with maniacs out on the loose. I also like the scene in the restaurant where they have lunch together. Her being all smelly and in clothes she is wearing for months now and him the opposite. And the way he reacts to the employee who wants to send them away, that was great to read. From there it goes on, with him offering her a job. She takes it with both her hands as a way out of her homeless situation. When he takes her home, he lets her make dinner. But oops, she has never done that before and messes up. From that moment the relationship really starts with him punishing her. Which makes her even more turned on as she already was. The next day when she doesnt wake on time, he has another creative punishment and she takes it and does her best to do all the things he wants her to do in the house. Luckily this time she can use the internet to find out how to do the things she has no clue off. With time they are getting closer and closer. Which is hot to read and a huge turn on. But things change with her birthday party and him taking her to a club. She wants to go to a club and he takes her to a special one. Her being innocent with this kind of clubs and when they met his former slave she does things she never has done before. From there on the relationship between them is going down. That got to me, because I cared about both of them. I wanted to shout at them because the things they do. Not trusting the other totally to speak up in front of each other, making it all worse with the things they do say and do. Both wanting the other back, but not daring to say those words. Just feeling lonely and making the wrong choices. No wonder things go the way they go. I wasnt happy with the ending but understand why it was this way. It make sense. But since it is an open ending I am hoping the next book will bring them back to read about what is going to happen next with them and their relationship.

Kurzbeschreibung Thats what love is, isnt it? Its when you go to sleep every night hoping that you are less happy than your lover; its hoping that youve given everything you could to them so that their day could be just a tiny bit better. I was so innocent then. So naive. I thought that Id been hardened by my time living on the streets, but Id had no idea how broken I could become. My story is a hard one, full of hope, grief, love, and anger, but its a story that needs to be told. I was only 20 when I first met Mr. Sheffield. He saved me. He gave me a chance. Until I met him, Id been living on scraps of food from dumpsters and wearing the same filthy clothes that Id worn when I failed out of college. I was the animal that passed by unseen by the people of the world. But Mr. Sheffield saw me. He was a handsome older gentleman, but that wasnt what was important at the time. Out of the goodness of his heart, he gave me a job cooking and cleaning for him. To you, it may seem like a menial task below your station, but to me it was a chance at a life worth living. Little did he know, I couldnt cook or clean. Again, he showed his good nature by teaching me, as a father teaches a daughter, with strict punishments and just rewards. He could have forced me from his home like another worthless piece of garbage, but he gave me chance after chance, and in the process, he showed me a world that Id never dreamed of. If youre looking for a story that will warm your heart and make you see the good in the world, look elsewhere. This is about the darkness that lies behind the mask that we all wear. Other stories may bring you romance and candles, but this is a story with claws and teeth. It is raw. It is passion. It is real."... gut-wrenching, heartbreaking love story, complicated adult relationships and flawed people instead of cardboard cliches" ~Lilah E. Noir, author of Stroker Ace Torn is the first of a trilogy and has a cliffhanger ending. The series will conclude with an HEA, but this novel does not have one. Note: This novel contains many explicit BDSM scenes and is intended for adults only. Kurzbeschreibung Thats what love is, isnt it?
