**Von Cait London : Total Package (Heartbreakers)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Total Package (Heartbreakers):

The last Stepanov man...Von Detra FitchWe return to Amoteh, a town in southwest Washington State. Danya is the last single Stepanov man. They are a family famous for the furniture they build with pride, as well as, for the luxurious Amoteh Resort.Danya's wife died nine years ago. He is now thirty-two years old. He has a business with one of his brothers as a builder and remodeler. Danya has not found a woman he could love since his wife died, but hoped to some day. Then he spies a lady unlike any other. She is at the grave site of Chief Kamakani, stripping off her clothes as she talks to deceased.Sidney "Sid" Blakely is a professional photographer (freelance) who has recently been jilted by a long time boyfriend. Sid and her sisters (Stretch and Junior) have been raised by their military father (Bulldog). The

Blakely women detest anything overly feminine, such as dresses, cosmetics, anyone holding a door open for them, etc. Sid usually takes photos of things that put her in danger, such as an erupting volcano. However, to avoid her ex-boyfriend, she is at the Amoteh Resort with a group of ladies. Sid has been commissioned to photograph great shots of the ladies to be made into a calendar. (SO not her normal type of job!) To escape the models who are trying to give her a make over, Sid decides to camp out near Chief Kamakani's grave site. When Sid thinks Danya is about to suicide by jumping off a cliff, she begins talking him out of it. Danya begins using the misunderstanding as an excuse to spend time with her. The Stepanov men know quickly upon meeting a woman whether she is perfect for him or not. Danya is no exception. But Sid is not like other women. Thus Danya's courting must be done without Sid realizing what is happening.\*\*\*\*\* A wonderful conclusion for the Stepanov family story. I found it very interesting to watch Sid do so many masculine things while Danya attempt to out maneuver her (and her macho family). I find myself regretting that this is the last of the "Heartbreaker miniseries". I can only hope that Cait London will begin a new romance series some day soon. \*\*\*\*\*Reviewed by Detra Fitch of Huntress Reviews.

KurzbeschreibungIt had begun like any other assignment. Until the night she encountered Danya Stepanov atop a windswept cliffthen moved in with him. Her immediate feminine response to his masculinity frightened her, for Sidney Blakely didn't do the fair-lady bit. She led during slow dances. Her sole experience with sex had been fast and more about physical fitness. And she believed that home was where the photo shoot du jour was. But Danya was confident enough to allow her to lead. And he showed her that loving could be slow, and givingand often. Trouble was, Danya wanted the total package: wife, babies. And Sidney had never believed that such a gift was intended for a woman like her.KurzbeschreibungIt had begun like any other assignment.
