Wonderful, touching, sizzling !!! Von Riina Everyone needs a little sexy time now and then, but Touch Me is more than just an erotic romance! I was deeply touched, brought to tears at one point and fully enjoyed the sweet sexy ending of Erik Jeremy. It's a powerful story. The characters are endearing, and yes, it is super sexy! + a lot of feelings. Highly recommended!

Kurzbeschreibung Massage therapist Erik Morgan offers a very special after-hours service to a handful of select clients. From a young man anxious to explore his sexuality, to a stroke patient who fears hell never be a man again, Erik touches them all. But no one touches him. Not anymore. Faced with a personal tragedy, Erik loses himself in helping others. Until one brave client turns the tables and gets under his skin, and Erik finds himself touched in unexpected ways. Warning! This gay erotic romance novella is intended for an adult audience. It contains explicit scenes of erotic massage and m/m sex. "This book went way beyond my expectations. It feels completely rounded and didnt leave me unsatisfied, even though it was short. It was very sensual and erotic, but never cheap and easy. There is lust, romance, love, loss. It is just a beautiful story that works in every way and I can very highly recommend it! 10 out of ten pots of gold." -- Rainbow Gold s
