Darkness Chosen 2Von S. FischerDarkness Chosen is a series of four books. The background to them all is this: 1000

years ago, evil Konstantine Varinski, a Cossack, made a pact with the devil. He and all his descendants would have the power to turn into predators (wolves, tigers etc.), be impossible to kill except by another of their kind, live long and healthy lives and have only sons. In exchange their souls would be the devil's. To seal the pact, Konstantine killed his mother to get the family's icon depicting four images of the Madonna. When he gave it to the devil, Satan split it into four parts and hurled those to different parts of the earth. The pact can only be broken if all the parts are united again. 30 years ago, a descendant of the Varinskis, also named Konstantine, broke with tradition when he fell in love and married a gypsy girl. They had to leave their home and change their family name to Wilder because both families were against the union and hunted them. They had three sons and a daughter in their new home, the USA. But the Varinskis and the curse have caught up with them and now it is up to Konstantine's sons to break the curse by finding their loves who will then find one part of the icon. If they don't succeed, the pact will stand and their souls are the devil's. Touch of Darkness is the second book in the series and it tells the story of Konstantine's son Rurik, an archeologist. On a remote island in Scotland he discovers the tomb of a Varinski warlord, which contains leads regarding where the second icon may be. Hunted by a group of brutal Varinski killers, he travels into Eastern Europe with Tasya Hunnicutt, a journalist and photographer. They are strongly attracted to each other, but her family has been brutally murdered by Varinski assassins when she was a child. So when she finds out that Rurik is a descendant of the Varinskis and can turn into a bird of prey, she is not too happy. They have to learn to trust each other - while finding the icon and surviving the Varinski attacks... This book is a paranormal romance. The romance part is great with likeable and strong characters, as well as some really steamy scenes. The paranormal plot is also fun and includes some action scenes. I enjoyed the book, although I liked the rest of the series better. I'd say it's between a 3 and a 4. What I like most are the characters, especially the whole Wilder family. Darkness Chosen is a good series. The complete series is: Scent of darkness, Touch of darkness, Into the shadow and Into the flame. 0 von 0 Kunden fanden die folgende Rezension hilfreich. 2. Teil der Familie Varinski Von Gundi R. Touch of Darkness ist der zweite Teil der Darkness Chosen" Serie um die Familie Varinski. Sie erzhlt die Geschichte von Rurik, dem zweitltesten Sohn, der sich in einen Falken verwandeln kann. Um den Pakt mit dem Teufel zu lsen, den sein Vorfahre eingegangen ist, macht er sich ebenfalls auf die Suche nach den verschollenen Ikonen und findet als Expeditionsleiter bei einer Ausgrabung auf einer vor der schottischen Kste liegenden Insel das Grab eines keltischen Frsten, in dem es weitere Hinweise gibt. An seiner Seite ist die Reporterin Tasya Hunnicutt, die sich zwar sexuell von ihm angezogen fhlt, ihn aber trotzdem auf Distanz hlt, weil sie selbst ein Geheimnis hat, das sie niemanden enthllen will. Die Suche nach der Ikone fhrt quer durch Europa und bringt die beiden immer nher zusammen. Aber der bse Teil der Familie Varinski folgt ihnen auf Schritt und Tritt. Der zweite Teil der Varinski-Sage ist spannender und bietet durch die verschiedenen Schaupltze mehr Abwechslung. Auch haben mir Rurik und Tasya als Paar besser gefallen als Jasha und Ann.
