Von C.T. Adams, Cathy Clamp : Touch of Darkness (The Thrall Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Touch of Darkness (The Thrall Series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The last in the trilogyVon S. FischerThis book is the last of a trilogy with 'Touch of Evil' and 'Touch of Madness'. Those two

books should be read first. After her problems with the vampire-like parasites called the Thrall, psychic Katie hopes to finally find peace and happiness with her werewolf-fiancee Tom. But his fellow werewolves don't like the fact that he's in a relationship with a dangerous outsider like Katie and there have been changes among the Thrall. What used to be a hive with lots of queens keeping each other in check, is now ruled by one vampire alone. And he wants not only to punish Katie for her past actions, but also to wipe out the werewolves, the only ones who can resist and even overpower the Thrall. Only if Katie and the werewolves work together do they stand a chance of surviving the Thrall's latest attack. Like the rest of the trilogy, this book has a good plot, is suspenseful, and the characters are well-developed, convincing and esp. Katie and Tom are really likeable. I enjoyed the book a lot, but felt that there were a few things that the authors should have explained better - there are a few gaps or inconsistencies. But apart from this minor flaw, the book is great - as is the rest of the series. To me these books are among the best by these authors and in the urban fantasy genre. Highly recommended!

Kurzbeschreibung **KNOW YOUR ENEMIES** It's good advice and Kate always thought she did. But everything has changed: there's a new force at the head of the Thrall collective. A force brilliant enough and ruthless enough to hide its sinister plan behind humanitarian work building and funding halfway houses to ease the victims of drugs and the Thrall back into society. And then Kate discovers that another part of the plan is rescinding the rules of fair play by which the Thrall have always dealt with humans. Kate is no longer Not Prey. Now she is just like everyone else: Prey. Uncovering the plot is a start, but stopping it is another thing entirely. Kate must not only call on all of her own resources, but all of those that belong to her werewolf boyfriend Tom. But the Thrall collective has a brand new way of getting to Kate: a very personal series of attacks designed to tear her from Tom. Kate has to decide: save her relationship with Tom, or save the future from the Thrall?
