**Von Teresa Medeiros : Touch of Enchantment (Lennox Magic Series Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Touch of Enchantment (Lennox Magic Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.  
Enchanted I was not!  
Von MariaThis is the first Teresa Medeiros book I've ever purchased and read. I have to say that

her heroine was not a very endearing character. Okay, so she's not very talented when it comes to using her gift, but she had the amulet left to her by her mother, couldn't she make good use of it? Also, I find it hard to believe that she almost willingly gave this amulet to Sir Colin for "safe keeping"! Come on! Where's the common sense? And why did she not think of wishing her attire to fit the time period she was in? Why continue wearing your 20th century pajamas? I'm sorry to say, I know I love fiction romance novels, but I don't like books that seem to have been written wishy-washy. Save your money and buy an Elizabeth Lowell or a Lynn Kurland books. 1 von 1 Kunden fanden die folgende Rezension hilfreich. I Loved Colin, but... Von Ein Kunde I've read many books of Teresa Medeiros' and overall I enjoyed this one no less than the others. I absolutely loved the character of Colin though, who truly epitomized the role of "knight in shining armor". Brisbane made a great evil counterpart to Colin's good guy. Colin seemed almost too good to be true - he didn't lie to her, was unable to go through with killing her, was extremely gallant to her, had held strong for 6 celibate years despite obvious temptations in Egypt and actually ASKED for her permission to make love to her! I loved the way he proposed to her too. Very romantic. Unfortunately, I have to agree with some of the other reviews when it comes to the character of Tabitha. At times I found her irritating and dense. She had the amulet with her most of the time and since she openly admitted to being a witch in the 13th Century did she really have anything to lose by wishing for some helpful things? She could have wished herself home as soon as she met Colin and realized it wasn't something her mother conjured up for her. Also, she supposedly wasn't sure if her parents were missing or dead, she never even considered going home to possibly help them. In her own words her parents loved her in every way, what an ungrateful child. It seemed to make sense to Tabitha for her to stay in a dungeon with a stranger she thought was angry with her in the 13th century waiting to be executed instead of wishing herself home to find out if her parents were okay! That was annoying since I had already read her parent's story and Tabitha struck me as a selfish brat whining about how she never fit in, how her parents being in love made her feel left out and how her witchcraft always got her in trouble. For someone with a "lofty IQ" it never occurred to her to actually accept the fact she was a witch and work on controlling it! Please. I loved Breath of Magic as well, Tabitha's parents' story. So, it bothered me that Ms. Medeiros decided to make Tristan and Arian turn into rich snobs (the whole McDonalds and five star hotel comments bugged me), both seemingly to forget where they came from. But it was nice to see Tristan came to the rescue for his daughter at the end. I found it disturbing that Ms. Medeiros made, in both books, made the woman change where she came from to be with the man. In 2020 I guess she thinks women will still have to be the ones to give in. Granted Arian didn't have anything to go back to in her book, but Tabitha? A 21st century woman, spoiled and filthy rich at that, without electricity and modern medicine? Too bad Tristan didn't have another child to inherit everything he worked so hard to for, his business and his billions - Which I also thought was odd, all that love sprouted only 1 child. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Not as good as was expected from the reviews read. Von Ein Kunde In romance novels, why is the heroine always so empty-headed? The hero is strong, brave, sensible, tender, caring - someone you would want to step out of the pages of the book into your life. The heroine, however, is more often than not irritating in her stupidity, alternating between being a empty-headed woman and a preschool child. If you are comparing this book with other romances, it was okay. It had some promise, but Tabitha still fell into the empty-headed female category. If you are comparing this book with another time travel novel written - Outlander by Diana Gabaldon, it really wasn't worth the money paid or the time invested in reading it. Diana Gabaldon is the only author I have come across who can portray an intelligent heroine to match her fantastic hero. From the reviews of Touch of Enchantment and the author, I was ready to go out and buy all of her books and settle back for some enjoyable reading. I'm glad now I only bought the one

**Kurzbeschreibung** When cool-headed scientist and inept witch Tabitha Lennox inherits her mother's mysterious amulet, she doesn't expect to be hurled seven centuries into the past--directly into the path of a surly but gorgeous knight on a quest for vengeance. Sir Colin of Ravenshaw finds himself beguiled by this strange woman who smells like baby shampoo and introduces him to the culinary delights of the Big Mac. Although he is honor-bound to burn her at the stake, Colin soon discovers it is his own heart that is aflame for this enchanting woman he must not love, but cannot live without. Fine and funny! Publishers Weekly Utterly enchanting, jubilant and magical! Romantic Times Medeiros's sense of fun and whimsy produce a delightfully magical story with a fairy tale quality. Library Journal Delightful! This is what romantic fantasy is all about. Heartland Critiques Medeiros is magic! Christina Dodd, New York Times bestselling author A superb storyteller. Medeiros can pull every last emotion from the reader with tear-inducing scenes and laugh-out-loud dialogue. Booklist The LENNOX MAGIC Series includes Breath of Magic and Touch of Enchantment ENGLISH LANGUAGE EDITION. de Most witches are delighted with their talents, but Tabitha (yes, she's named after the Bewitched character) is not only embarrassed by her talents, she has never honed her skills. Things just happen, especially after she is bequeathed a mysterious amulet that transports her back in time. In this sequel to Breath of Magic, modern girl meets medieval knight. And although Sir Colin of Ravenspear, Tabitha's knight in shining armor, can't figure out her pajamas and bunny slippers, he is able to look past Tabitha's

short hair and modern manner to find true love. Witches aren't exactly welcome in medieval England, so unless Tabitha can convince Ravenspear to travel into the 20th century with her their future will remain uncertain..comMost witches are delighted with their talents, but Tabitha (yes, she's named after the Bewitched character) is not only embarrassed by her talents, she has never honed her skills.
