Top! Von ChocolateCookieDas ist Teil zwei der Men who walk the edge of honor - Reihe. Dieses Buch ist genauso gut wie der erste Teil! Es ist toll die Charaktere aus dem Vorgängerband wieder zu treffen. Trace, der Held des Buches, ist definitiv ein Alpha male, der seinen Gegenpart in der sen unschuldigen Priss findet. Die Story hat einen guten Spannungsaufbau, gute Action und natrlich schne erotische Momente. Das Buch liest sich flssig und schnell. Einmal angefangen, habe ich es nicht mehr aus der Hand legen knnen. Also, fr romantic suspense Liebhaber definitiv zu empfehlen! Hier die Reihenfolge der "Men who walk the edge of honor"-Bcher: 1. When you dare 2. Trace of fever 3. Savor the danger 0 von 0 Kunden fanden die folgende Rezension hilfreich. Book two - Strike two Von Jules Okay, so I did love the first book When you Dare because I totally loved Dare, but frankly, when I got to meet Trace I loved him even more... Trace starts off just as exciting as Dare did and I have to give it to Lori Foster, she knows how to make a book good right from the beginning. I don't think there was one boring page in this little goodie... I get that some people maybe have problems with how Trace is acting during the the first pat down, or a few other times when he is acting as if he's the bad boy. They are men who walk the EDGE of honor for a reason... And I love them like hell for it. Like Dare Trace is amazing and handsome and sweet and lethal all the same. I know, I can get all excited over this book and it wouldn't bring on much info anyways because that book was just soooo intense! It's tough in some places and incredibly sweet in others, but above all it's hot because Lori Foster manages to just put the right spin on every guy she writes and she makes the situations come over very realistic, making her book run like a movie through my head. I'm so terribly glad that I started this series... I already ordered all other books, too... Just saying! I love those guys and if you are into real man, you will, too!
