AmazingVon AngelNicky (Nicole Friedrich)Absolutely wonderful book. Brendon and Jared are such a sweet couple

and to read how they fall in love and see her love for each other, very great. Hope to read more soon.

KurzbeschreibungBrendon is too young to be letting himself go. Overweight and desperate for a change, he goes where everyone goes for advice these days, the Internet. That's where he finds Jared. Jared has an offer too good for Brendon to pass up; a free training program to help him build his clientele. What starts out as workout routines, and meal plans, slowly turns into friendship, all before they ever meet in person. Jared may be straight but will Brendon be able to resist his sexy trainer and friend when they finally meet and spend a night out under The Bay Lights in San Francisco? Or maybe a better question is, will a confused Jared be able to resist Brendon?KurzbeschreibungBrendon is too young to be letting himself go.
