Good readingVon Lea(non-native english speaker)I started reading this book on the website of the author, and after Chapter 10 I didn` t need any more proof that this book is a lot of fun to read and I need to buy it, which I did (also it is more

comfortable to read on the kindle instead of PC-Screen).

Kurzbeschreibung Isaac Strong, Kelly Protean, Hector Hive and Jason Grim have all led very different lives. However, they each have two things in common, super powers and their recent admittance to the Citadel program. As members of the Citadels newest class of recruits, they will be taught to utilize their powers, and their bodies, to their utter limits. The Citadels mission is simple. Halt the worlds slow slide into ruin. They each have a part to play, but will it be enough? Kurzbeschreibung Isaac Strong, Kelly Protean, Hector Hive and Jason Grim have all led very different lives.
