Great as alwaysVon MeihuaWritten beautifully, enjoyable read, the series is captivating and makes you want to read further every evening before you go to bed!3 von 3 Kunden fanden die folgende Rezension hilfreich. Crisp, tightly-spun writing of intelligent suspense.Von Ein KundeAs with all of Margery Allingham's books, _Traitor's Purse_ combines

clear, crisp characters with wry bursts of insight as she spins out a tasteful plot. This book is a cut above the usual "from-the-end-to-the-beginning" story line found in mysteries. The reader is taken strictly from the main character's point of view, from the fog of amnesia through the gloom of nimble guesswork where the faintest patches of light illumine a conflict of extreme urgency. The emotional content of this book is very charged and tantalizing in its poignancy. Margery Allingham weaves a mesmerizing story from a difficult point of view without tipping her hand. The reader is taken along for a breathtaking ride to a triumphant conclusion, with consistent enjoyment along the way. This book is the finest of its genre, and characteristic of the high quality of Margery Allingham's Albert Campion books
