addition to an excellent series Von Avid Reader I read the entire series (so far) with my new KU subscription and really enjoyed it. Can wholeheartedly recommend it as a light-hearted, almost screwball adventure series, with an engaging heroine and non-stop action; with Shelby Nichols there is never a dull moment. Thanks, Ms. Helme, for this entertainment.

Kurzbeschreibung Book 5 in the Shelby Nichols Adventure Series How does a mind-reader get framed for murder? Working for a mob-boss might have something to do with it. Join Shelby in this fast-paced adventure where proving her innocence and catching a killer will take more than her mind-reading skills. She'll have to rely on friends from both sides of the law to clear her name. Even then she finds that nothing but her quick wits can save her from becoming entangled in a sinister plot of revenge.\*\*\*\*\*The humor in this book made this mystery very entertaining and fun to read. ~ Books-n-Kisses This cozy mystery is a surprisingly light read with a number of interesting twists and connections. The best yet! ~ Sharon Haddock

ber den Autor und weitere Mitwirkende A long career as a wife and mother while juggling several part-time jobs gave Colleen the ambition to dream of being a published author, where she could put her imagination to good use. Now instead of making up stories to tell her children, she writes books they love to read. Hopefully you will too. She is the author of three romantic fantasy novels, Songbird, Flame of Destiny and The Relic. Her Shelby Nichols Adventures include Carrots, Fast Money, Lie or Die, Secrets That Kill, Trapped By Revenge, and more to come.
