Von David Weber, Jane M. Lindskold : Treecat Wars (Honor Harrington - Star Kingdom Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Treecat Wars (Honor Harrington - Star Kingdom Book 3) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Letzter Band der Baumkatzen (Treecats) Trilogie Von M. W. Broscheit Weber beweist mit dieser Trilogie, dass er auch sehr

gut young adult beherrscht. Treecat wars ist der abschließende Band und enthält mehrere Handlungsstränge, die die Ereignisse der vorherigen Bände weiter erzählen und zu Ende führen. Auf Sphinx sind die Waldbrände gescheitert, doch die Folgen zeigen sich jetzt. Viele Treecat Clans haben Verluste erlitten, einige haben ihr Land verloren und der Winter kommt. Einer der Handlungsstränge beschäftigt sich folgerichtig mit einem Clan, dessen ganze Lebensgrundlage durch die Feuer zerstört wurde und der einen Weg finden muss den kommenden Winter zu überleben. Dabei entwickelt sich ein Konflikt mit einem benachbarten Clan. Weber und seiner Co-Autorin ist es gelungen diese Probleme, die durchaus Parallelen zu Ereignissen auf unserer Welt haben, auf eine empathische und telepathische Fremdrasse in einer nachvollziehbaren Weise zu transportieren. Stephanie Harrington durchlebt weiter ihre erste Liebe und darf auf Manticore als jüngster Ranger eine besondere Ausbildung besuchen, was sie tragischer Weise erst Mal wieder von ihrer Beziehung trennt. Auf Sphinx kommen sich Stephanies Freundin Jessica und Anders bei verschiedenen Gelegenheiten näher, dies hat zwangsläufig Folgen für die Beziehung zwischen Anders und Stephanie. Durch alle drei Bände zieht sich die Frage nach dem Status der Baumkatzen, sind sie als eigenständige intelligente Wesen oder als Tiere anzusehen. In dieser Rahmenhandlung zeigt sich Webers große Lust an der Schilderung von menschlichen Motiven und der Konstruktion von Intrigen. Wenn die Baumkatzen als Personen angesehen werden müssen hat dies weitreichende Folgen für die weitere Nutzung von Sphinx. Ähnlichkeiten mit der Kolonisierung von Afrika und Amerika und der Sicht auf die dortigen Ureinwohner dürften beabsichtigt sein. Die Clans der Baumkatzen erinnern in einiger Hinsicht an nordamerikanische Indianerstämme. Mir haben die drei Bände auch als erwachsener Leser gut gefallen, die Handlung ist hinreichend komplex und enthält genügend überraschende Wendungen um mich zu fesseln, als Fan der Honorreihe und besonders der Baumkatzen sowieso. Insgesamt ist die Handlung aber der angepeilten Leserschaft angepasst, d.h. Weber und seine Co-Autorin verzichten auf allzu blutige Schilderungen und auch sein Hang zu ausufernden Technikbeschreibungen hält sich in Grenzen. Dafür hat er mit der Schilderung von Sphinx, seiner Landschaften, der Flora und Fauna und der Sicht in die Gedankenwelt der Baumkatzen echtes Worldbuilding geschaffen. Diese Reihe lässt sich ohne Kenntnis der Honorreihe genießen, sie wird auch etlichen Fans der Honorreihe nicht gefallen, da es sich nicht um keine Military science fiction handelt. Ich bin eher von gesamten Honorverse fasziniert, die Kämpfe und Schlachten, die Taktiken, Technik und strategischen Feinheiten der ursprünglichen Reihen gefallen mir immer noch, aber Weber hat mittlerweile seine Idee viel weiter getrieben und ein ganzes Universum geschaffen und das passt diese Prequel-Trilogie sehr gut rein.

Kurzbeschreibung New York Times and Publishers Weekly Best Selling Young Adult Series. Book Three by international writing phenomenon David Weber. Two young settlers on a pioneer planet seek to stop a war and to save the intelligent alien treecats from exploitation by unscrupulous humans. The fires are out, but the troubles just beginning for the treecats. On pioneer planet Sphinx, ruined lands and the approach of winter force the now Landless Clan to seek new territory. They have one big problem: there's nowhere to go. Worse, their efforts to find a new home awaken the enmity of the closest treecat clan: a stronger group who's not giving up a single branch without a fight. Stephanie Harrington, the treecats' greatest advocate, is off to Manticore for extensive training and up to her ears in challenges there. That leaves only Stephanie's best friends, Jessica and Anders, to save the treecats from themselves. And now a group of xenanthropologists is once again after the great secret of the treecats: that they are intelligent, empathic telepaths and their agenda will lead to nothing less than treecat exploitation. Finally, Jessica and Anders face problems of their own, including their growing attraction to one another. It is an attraction that seems a betrayal of Stephanie Harrington, the best friend either of them have ever had. At the publisher's request, this title is sold without DRM (Digital Rights Management). Lexile Score: 1000 With over seven million copies of his books in print and seventeen titles on the New York Times bestseller list, David Weber is the science fiction publishing phenomenon of the new millennium. In the hugely popular Honor Harrington series, the spirit of C.S. Forester's Horatio Hornblower and Patrick O'Brian's Master and Commander lives on into the galactic future. Books in the Honor Harrington and Honorverse series have appeared on fourteen best seller lists, including those of The Wall Street Journal, The New York Times, and USA Today. While Weber is best known for his spirited, modern-minded space operas, he is also the creator of the Oath of Swords fantasy series and the Dahak saga. Weber has also written highly popular collaborations, including his Starfire Series with Steve White, which produced the New York Times bestseller The Shiva Option among others. Weber's collaboration with alternate history master Eric Flint led to the bestselling 1634: The Baltic War, and his planetary adventure novels with military science fiction ace and multiple national best-seller John Ringo includes the blockbusters March to the Stars and We Few. Finally, Weber's teaming with Linda Evans produced the bestselling Multiverse series. David Weber makes his home in South Carolina with his wife and children. Jane Lindskold is the award-winning, bestselling author of over twenty novels, including the incredibly popular Firekeeper series (Through Wolf's Eyes and Wolf's Blood), as well as over sixty shorter works of science fiction and fantasy. Several of her novels have been chosen by VOYA for their Best SF, Fantasy and Horror list. Lindskold's work has been repeatedly praised for its sensitive depiction of worlds and cultures different from our own -- especially those that

aren't in the least human. Her works have been praised as "intricate, beautifully written" (Voya), "attention-grabber" (School Library Journal), "engrossing" (Miami Herald), "Thrilling" (Publisher's Weekly), "ripping good fantasy" (Kliatt). er Charles deLint called Lindsfold "one of those hidden treasures of Amerian letters." She has been a frequent contributor to the Honorverse, where her tales of Queen Elizabeth and Prince Michael have a loyal and enthusiastic following.
