Von Kate Sherwood : Trifecta (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Trifecta (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nett fr
Zwischendurch aber kein RennerVon AkiyukiKittenZuerst:Ich kannte von Kate Sherwood schon ihre Dark Horse-
Reihe (Dark Horse, Out of the Dark, und die kostenlosen Zwischenteile Rough Broke, Head Shy, etc.) die mich sehr
begeistert hatte.Das war der Grund fr den Kauf von Trifecta.Ich war zu tode entuscht.Die Geschichte ist zwar ganz nett

und fngt spannend an wird dann aber flach und endend recht abrupt und gehetzt. Es kommt einem vor als ob der Autorin am Ende entweder die Lust oder die Zeit abhandengekommen war, was schade ist, denn htte sie geendet wie sie angefangen hat htte man aus der Geschichte was rausholen knnen. Fr zwischen durch ist das durchaus angebrachter Lesestoff, wer aber eine von Anfang bis Ende spannende, abgerundete Geschichte mit fesselnden Charakteren sucht ist hier falsch. Auch Sherwood-fans ist dieses Buch nicht zu empfehlen, es kommt in keiner Weise an ihre anderen Arbeiten heran.

Kurzbeschreibung Mark and Alistair think theyre happy with their open relationship they can have all the anonymous sex they want, and still come home to each other for love and affection. That changes when they discover that theyve both hooked up with the same guy, and, worse, that theyre both falling for him. Tyler is a happy-go-lucky type, content with coasting through life on his good looks and charm. He doesnt have ambitions and doesnt make plans, but when he finds himself involved with Mark and then Alistair, he starts wishing that he could have something more long-term. But Tyler cares about them both too much to threaten their already strained relationship. Is the threesome destined to be a scorching memory, or can they find a way to overcome their challenges and hit the trifecta? Reprint of book originally published by Loose Id, March 2011
