Von Sandra Hill : Truly, Madly Viking (Viking II series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Truly, Madly Viking (Viking II series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Lot's of FunVon ShawnaLanneFans of Ms. Hill may recognize Jorund, as Geirolf Ericsson's brother who we last saw in The

Last Viking. Jorund is catapulted into the 20th century buck naked, save for his sword, on the back of a telepathic killer Whale. He is saved from being put into jail by Maggie McBride, a psychologist and the single mother of twin girls. Of course he is then admitted into the loce mental hospital and doctor and patient end up becoming very close. Generally I am not a fan of time travel books, but Ms. Hill creates such a fun world that I cn not help but enjoy her work. This is a fast fun and sweet read and if you are already a fan of Ms. Hill's it definitely worth picking up. If you have yet to read one of her books this is a good one to start with.3 von 3 Kunden fanden die folgende Rezension hilfreich. Another Hit! Von Yvonne E. Krug In this sequel to "The Last Viking", Ms. Hill has another hit on her hands. But, as she herself says, " you gotta love a Viking." Anyone who is a fan of Ms. Hill's, and loves her Vikings as much as I do, will surely agree. How can you lose when the hero bears a marked resemblance to Kevin Sorbo? In this tale, Jorund Ericsson , borther of Rolf Ericsson of The Last Viking, gets thrust into the present time by, of all things, a killer whale. I don't want to reveal too much of the plot, but he comes to find the love and sense of fulfillment that evaded him in his own time in the bewitchingly humourous way that only Sandra Hill can create. The heroine, Maggie, is also a very likable, down to Earth, character who you can relate to. Fans of Ms. Hill's will surely read this anxiously awaited sequel in record time, as I myself did and not be disappointed. Great work, Sandra, give us more Vikings !2 von 2 Kunden fanden die folgende Rezension hilfreich. The Vikings are back! Von Mystery Lover I was thrilled to see a new Sandra Hill romance in the bookstore, and I couldn't wait to read it. There's lots of sizzle between Joe the Viking and Maggie, his dock-whore (doctor), and there were lots of funny scenes in the book. A very nice romance develops between Joe and Maggie. Joe the Viking is sent by his father on a quest to locate Joe's younger brother, Rolf (whose story is told in THE LAST VIKING). Through the auspices of a killer whale, Joe is transported to the year 2000 where he meets Maggie, a psychologist. As he arrives stark naked (except for his longsword) on whaleback at a Galveston ocean park, he is thought to be mentally unstable. Maggie arranges to have Joe brought to her clinic for observation. Joe soon escapes to search for his whale so he may return to his own time. It's not so easy to return back in time, and Joe must figure out where his destiny lies and with whom. While the book has many good points that make it a good read, there were several things that bugged me in TRULY, MADLY VIKING. First of all, I found it very difficult to suspend belief. For some reason the whale scenario just didn't work for me. I much preferred Hill's previous book, THE LOVE POTION, as it seemed much more reasonable. Of course, it wasn't a time-travel book. Secondly, the cover art of TRULY, MADLY VIKING left much to be desired. It's obvious that whoever chose the cover (and the authors never have much input into this area) feel that women readers only want to see unclothed, impersonal male bodies. Why else cut off the model's head and emphasize certain other parts of his body? This is the type of thinking that gives romances a bad name. The third thing that bugged me was the title itself. I never could figure out how it related to the story. These 3 things that bothered me are small, and they didn't prevent me from enjoying the book. If you like Viking hunks, you'll like TRULY, MADLY VIKING.

Kurzbeschreibung Mad about you His boat off course, distracted by a randy she-whale whose infatuation had somehow thrust him into the twenty-first century, Jorund Ericsson thought hed found heaven when he caught sight of the comely wench with the man-hair and the kiss-some lips. The lovely doctor, however, simply thought Jorund insane even as she drove the befuddled Viking crazy with her enticing figure. He leapt from the water and into Maggie's life, all sinewy muscles in a flawlessly proportioned body, a swath of long blond hair swept back from his brow. His claim to be a Viking from the tenth century made her smile. But it wasn't laughter that caused her stomach to flutter when the Hercules look-alike claimed her lips. And soon he had her believing his story and questioning her own sanity though the psychologist realized there was another possibility. They were, neither of them, truly mad . . . simply truly, madly in love.
