KurzbeschreibungTrusting ones most intimate partner is difficult because trust can erode loveGinny and Sam have been married nearly fifteen years when she reconnects with an old boyfriend who is now married to another woman. Instead of opting for a traditional affair behind Sam's back Ginny decided that the two couples should become

physically intimate. It is only through a great deal of trust can the quartet fully appreciate each others needs and kinks. Part one of four. In this part Chloe explores her voyeuristic kink in watching her husband seduce and bed Ginny in front of Sam all the while enticing Sam into her own bed. She then indulges in her need to dominate the men and women she beds. This is a 12,000 word novella intended for adult audiences. Content warning: features graphic sex, cheating spouses, exhibitionism, voyeurism, group sex, lesbian sex, and other depictions of adult sexuality. Explicit language and adult only content. Excerpt: The front door swung open silently with their key. Stealth wasn't exactly necessary. Ginny's moans of pleasure filled the air accompanied with satisfied grunts from Trent. Chloe giggled. They're noisy. She slipped off her shoes and led the way. There were two bedrooms in the back of the cabin. One door was wide open, the other partially shut. Showing ninja-like stealth Chloe snuck up to the doors, checked which bedroom was being used, and carefully peered around the corner. Sam joined her a moment later. He saw his wife astride Trent. That didn't surprise him; he expected that. What surprised him was his own arousal as he watched. I want to grab him and join in, Chloe whispered to him as she reached back and cupped him between the legs. She took a step back and pressed her body against his. Let's go. They slipped away to the other bedroom. If the other couple had any inkling of their presence no indication was given. Trent and Ginny continued on in peace.
