Kurzbeschreibung Andrea never liked her husband's cocky best friend Jared Devlin, but she tolerated him. She always wondered how Seth's wife Maria put up with him. When Andrea picks a sexy harem girl outfit for the Devlins' annual Halloween party she has second thoughts, but decides it's worth it to tease her husband. Of course Jared takes notice too. Later that night after all the other guests have gone home, the two couples decide to keep the party going and play a sexy version of Truth or Dare, over Andrea's reservations. When the game turns serious, Andrea gives in to her darkest desires and Jared finally gets a taste of what he's always wanted.
