Von Maggie Shayne : Twilight Hunger (Wings in the Night) before purchasing it in order to gage whether or not it would be worth my time, and all praised Twilight Hunger (Wings in the Night):

Well done!!!Von MOThis was my first book by Maggie Shayne, and it won't be my last.Without giving away too much of the plot I can say that this book tells in fact two different stories that, as the plot grows more complex, blend

together. It's about a young woman that has to rebuilt her life after her drug-addict-high-society partens died in a car accident. She has a rare blood disease that will make her die before she reaches her 30s. She is a screenwriter, and when she discovers the diaries of a vampire, or a man long dead who thought himself to be one, as she believes - in the old house she rented from a dear friend she uses them to create a thrilling series of vampire-movies. As she writes the screenplays she becomes more and more ill and reclusive, she dreams of the vampire she has come to love, she dreams of him coming to her at night.....Then there is yet anohter young woman. She's a funny, stubborn dare-devil who discovers a FBI secret that should have better been left alone. Then she finds out the hard way that she can trust no one the chase begins.....I found this book to be more than I had anticipated. It has a fast-paced plot, interesting characters and lots of twists and turns to keep the reader entertained up to the last pages. The reason I only gave it four stars is that I was a little disappointed with the romance between the characters. I found that to be lacking...something. Other than that: GREAT BOOK!!!
