Von Kathryn Alexander : Twin Wishes: A Single Dad Romance (Fairweather) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Twin Wishes: A Single Dad Romance (Fairweather):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Safe and secure Von Valerie The twins go through a very difficult time after losing their mother. The author brings out a lot of the fears I believe a young child would experience such as thunderstorms. The author understands that kids who face such a dilemma have up and down emotions. I appreciated the fact that the author brought out the natural curiosity of the twins. I felt the book was very good and plan to read it again in a few months

Kurzbeschreibung ONE WOMAN'S DREAM Julianne Quinn had always dreamed of finding the perfect man and having children. She found every reason to surround herself with toddlers, but was devastated to learn that she couldn't have children of her own. No amount of goldfish or stray pets could appease Julianne's loneliness. When handsome widower Luke O'Hara moved to town with his twins, Julianne found herself falling in love with the man's reluctant smile and his children. Luke's sudden marriage proposal offered Julianne everything she had always wanted or did it? Though their devotion to the twins was at the heart of their union, would Julianne and Luke admit their deep love for one another?
