READ-FANTASTIC SIZZLING ROMANCE On midnite ink **TWIN WOLF TROUBLE- SHIFTER SQUAD 6**-Spine-chilling suspense and sizzling romance. This story features; Thatch and Tex, powerful Alpha twin werewolves who are buffed, traffic-stopping gorgeous, and members of Shifter Squad 6; Madeline, a curvaceous, sassy, beauty who hopes to be a scientist. What you'll find in this story; a cast of remarkably impressive and engaging characters, fantastic story-line, powerful vivid scene descriptions, phenomenal banter, gripping suspense, horrific danger, camaraderie, action packed, pent-up rage, emotions spiral, life-threatening incidents, family love, one twin is keeping a dangerous secret, earth-shattering jaw-dropping sensual romance, and a heart-warming conclusion leaving you wanting more. Thatcher and Tex are in Chicago with the team waiting to be sent on a mission. To settle his restlessness, Thatch's mind floated back to the one night he and Tex had with Madeline after rescuing her from killers. She was their mate, they had to let her go to start a new life to protect her, and her family. He had tried to find out her new identity but had no luck. Giving her up had been worse than torture. Everyone knows alpha twins need a third, sad he would not see her again; while watching TV, the news showed an explosion in town, and trying to get away from the crowd was Madeline. The twins bolted out of the apartment as if hell-hounds were on their tail; job be damned they had to protect their mate. **WOW-FANTASTIC**- fast paced well written creative read by a truly gifted author. Dynamic scene descriptions and action had me glued to the story from beginning to end, a most exhilarating read. The characters are believable and are certainly praise-worthy. Thatch and Tex are most valiant heroes and devoted to their family. I loved that there were twin boys in this story as it made the family dynamics more exciting. You will absolutely fall in love with all the characters in this book. If you treasure shifter stories with action, humor and romance that sizzles, this is a terrific book for your library. {I received a copy of this book for a completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservations I recommend this book.
