Von P.K. Tyler : Two Moons of Sera (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Two Moons of Sera (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Uniquely Told YA - Adventure Filled!Von T.M. HobbsSera and Tor are so different, yet they are bound by a

connection that is so real you can't help but feel it. I love these characters, and I even fell in love with the mountain hound, Elgon. Ms. Tyler wove this story from a unique fabric. As I read, I thought I knew what was around the next bend, but she proved me wrong time and again. I was certain I was reading a tale of an ancient or maybe even a lost race of people, then I am thrust forward to a time of innovation and modernization. Sera best summed up how I felt at this point by saying something along the lines of 'there were so many voices, so much commotion, and so much color that I felt my head spinning'. But this is a good thing. You are easily transported from the solitude of the beach and forest, to the camp where Ms. Tyler leaves us hanging waiting with baited breath for the next installment. What a lovely coming of age tale that is full of adventure. I enjoyed the first two parts of this story immensely and wish March would hurry up and get here.
