Garahan brothers will do anything to save the ranch. Book One. Von Detra Fitch

The Garahan brothers need to make some quick money before they lose the family ranch. To that end, Tyler answers an ad from a club called The Lucky Star. The ad does not clearly state what the club needs help with though. Tyler is surprised to learn that the club is run by women. Tyler has a fondness for redheads, so when the owner, Jolene Langley, walks up, Tyler's interest is piqued. But when the co-owner, Emily Langley, appears, Tyler has to stop and untangle his tongue. Tyler was under the impression that he would be hired as muscle. Hauling kegs to the bar and/or tossing out troublemakers would be easy for him. However, the lovely cousins already have Gwen (a six-foot tall, well muscled ian blonde) to handle those tasks. The Lucky Star is hiring male dancers for the stage. Tyler's first instinct is to decline. But he is unable to walk away from thirty dollars an hour, plus tips. Tyler only hopes that he can keep his two younger brothers from learning that he is stripping (almost nude) to save the ranch. Jolene and Emily Langley need a good dancing headliner to keep the ladies coming in and spending money. Otherwise the cousins will be unable to keep the bar afloat. The handsome cowboy is the answer to their prayers. Off duty, Jolene is interested in Jake Turner, the big bad fire marshal - though she is trying not to admit it to herself. So Emily has no real hesitation about claiming Tyler for her own. It is obvious to Emily that Tyler's libido warms up whenever she is around too. The fiery haired angels are as tough as they are beautiful. But when various locals start causing some troubles, the Langley women have to admit that it is nice to have a pair of impressive men to watch their backs. And those scheming locals are about to learn that ladies with hair the color of fire have hot tempers to match. ***** FIVE STARS! This entertaining romp is made special by having two main couples. (But Emily and Tyler get some extra focus.) The women are prickly and the men are tenacious, which often make the story's events more explosive. There are some very interesting secondary characters that spice up the action as well. For those who would like to know, the middle brother, Dylan, will have his story told next. That release date is set (at the time of this review) to be released on January 1, 2012. Admirand's fertile imagination does more than simply places a male and female together. The author tends to make her characters do some hard clashing and they are often dealing with unusual circumstances. (Such as male dancing to save a ranch.) Not once did I find myself growing bored. Highly recommended. *****

Kurzbeschreibung

The first book in C.H. Admirand's sexy Texas cowboy romance trilogy featuring three brothers who will do anything to save their family ranch. Desperate times call for desperate measures... When Tyler Garahan said he'd do anything to save his family's ranch, he never thought that would include taking a job as a stripper at a local ladies' club. But the club's fiery redheaded bookkeeper captures Tyler's attention, and for her, he'll swallow his pride. And one good turn deserves another... Emily Langley feels for the gorgeous cowboy. It's obvious that he's the real deal and wouldn't be caught dead in a ladies' revue if he wasn't in big trouble. And when he looks at her like that, she'll do anything to help. Working days on the ranch and nights at the ladies' club, Tyler is plumb exhausted. But could it be that his beautiful boss needs him just as much as he needs her.
