Kurzbeschreibung Hugo winner Jim C. Hines's hilarious and clever Magic ex Libris series, where books come alive and libromancer Isaac Vainio combats magical threats that spring from the page For five hundred years, the Porters have concealed the existence of magic from the world. Now, old enemies have revealed the Porters secrets, and an even greater threat lurks in the shadows. The would-be queen Meridiana, banished for a thousand years, has returned in the body of a girl named Jeneta Aboderin. She seeks an artifact created by Pope Sylvester II, a bronze prison that would grant her the power to command an army of the dead. Michigan librarian Isaac Vainio is powerless to stop her, having been stripped of his power and his place among the Porters by Johannes Gutenberg himself. But Isaac is determined to regain his magic and to rescue his former student Jeneta. With no magic of his own, Isaac must delve into the darker side of black-market magic, where he will confront beings better left undisturbed, including the sorcerer Juan Ponce de Leon. With his loyal fire-spider Smudge, dryad warrior Lena Greenwood, and psychiatrist Nidhi Shah, Isaac races to unravel a mystery more than a thousand years old as competing magical powers battle to shape the future of the world. He will be hunted by enemies and former allies alike, and it will take all his knowledge and resourcefulness to survive as magical war threatens to spread across the globe. Isaacs choices will determine the fate of his friends, the Porters, the students of Bi Sheng, and the world. Only one thing is certain: even if he finds a way to restore his magic, he cant save them all.

Pressestimmen Praise for the Magic ex Libris series: "An engaging writer who is also greatly entertaining, and I recommend this book to anyone who enjoys superior worldbuilding." Charlene Harris, #1 New York Times bestselling writer "I picked up the book meaning to read a few pages. My first thought was, 'This is a cool concept.' The second thing I thought was, 'This is really, really clever.' The third thing I thought was, 'I should have gone to sleep three hours ago.'" Patrick Rothfuss, #1 New York Times bestselling writer "This may be Jim Hines' best work. Libromancer is smart, silly, and deadly serious, all at the same time. It's a book about loving books." Seanan McGuire, New York Times bestselling writer Hines created a system where that magic becomes real, usable, and very definitely not always safe. This is a book for everyone who has ever wanted to pull Excalibur from the page. Tanya Huff, bestselling author A rich backstory and mythology that weaves history and magic and science fiction across centuries, between cultures, and around the globe. Wired "Hines supplies everything a reader needs werewolves, ghosts, robot insects, a fire spider that eats candy, and homages to classic SF for a very good time." Publishers Weekly "Bibliophiles and fantasy enthusiasts will enjoy the author's intelligent approach to both magic and literature." Library Journal "Hines writes joyously.... Codex Born is what would happen if a group of fantasy fans were to hole up in a room trying to develop a system of magic, saying, 'But what if THIS happened?'" RT s "Libromancer is any book-geek's dream come true. It is so much fun and an ode to books." Book Smugglers Isaacs story feels extremely personal and intimate, even throughout the world-changing events around him. SF Signal "Hines has just scratched the surface of what he can do. And I can't wait to see what comes next." Tor.com Equal parts quirky humor and serious emotional dissection.... Hines is one hell of an author. Bookworm Blues Continues to break tropes and proves that fantasy can be so much more.... Right at the top of my list of favorites along with JK Rowlings Harry Potter, Patrick Rothfuss Kingkiller Chronicle, Garth Nixs Abhorsen, and Kim Harrison's Hollows. Bibliophilic Witch Wonderful characterizations. From a fire spider to Gutenberg himself, [Hines] makes all his characters come alive on the page. Errand Dreams From the Hardcover edition.
