Matilda concerning her very rare gift, of course it required a trip to Hell back, literally! Complete with a boat ride down the river Styx with the ferry man, Charon, who turned out to be a pretty funny guy for a skeleton. I was delighted with the new client, Byron Alexander Davenport. Vampire. His dilemma was quite unexpected, and as a result we find ourselves saying goodbye to one of the gang! As always, Cynthia delivers the goods with her detailed, explicit, put you right there style throughout the book, and surpasses herself when Matilda Crixus finally, without interruption, come together for earth shattering, mind breaking, blown away sex! This installment just kept knocking me sideways with the every kind of emotional bomb shell you could imagine. I snorted with laughter, teared up, chuckled and got angry. But the big one is the shock I got with the very last sentence.....I actually had to wait a while before doing this review. Just so much to think about..... my mind just kept saying, OMG, OMG, OMG.....I'm going to go mad waiting for the next installment!!!! I was gifted this book in return for my honest review..

Kurzbeschreibung When life sucks, and so does your next client... Halloween is just around the corner, and life is bringing Paranormal Psychologist Matilda Schmidt all tricks and no treats. Ghosts haunt her in the organic produce aisle, she's been roped into attending a costume party she'd sell her soul to avoid, and the delicious demigod who once warmed her couch is taking his clients and his attentions elsewhere. But when even her lethal hit man lover fails to recognize the threat lurking in the shadows, Matilda finds herself confronted with one hell of a problemsurrender what's left of the life she knew, or face losing herself to the madness that took her mother.
