Von Charlotte Douglas : Undercover Dad (A Memory Away...) before purchasing it in order to gage whether or not it would be worth my time, and all praised Undercover Dad (A Memory Away...):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good Author, Familiar StoryVon Penny Griffin, Intrigue FanI bought this book when it came out like I do all Intrigues, and it took me three months to work up the enthusiasm to read it. Ho hum. Another secret baby. Another federal agent with amnesia. When I picked it up, I was pleasantly surprised. The flashback that makes up the early chapters are suspenseful and engrossing. The kind of fast-paced detective work Rachel and Stephen are forced to go through in their race against time to save a kidnap victim is a blast. Then the story moved back to the present, and everything became familiar. Very familiar.There are two things I need to make me love these kind of books and forget that it is a story told too often: good explanations for both the amnesia and the baby being kept a secret. This time, the cause for

the amnesia was so abrupt that it came across as stupid and random. One minute Stephen doesn't have amnesia, the next he has to hit his head because this is an amnesia book. I can also buy some reasons for heroines to keep their pregnancies a secret and not let the father know. The one offered here was not one of them. After winning my respect in the beginning, the characters quickly lost it. Throw in the fact that the villain was obvious, the result of too few suspects to choose from, and "Undercover Dad" (A bad title. Stephen is not really undercover through most of the book, if not all) left me cold. The problem with pointing out a three star book's flaws is that it can sound worse than it is. "Undercover Dad" isn't terrible by any means. It is old hat. Charlotte Douglas is an able storyteller with an engaging writing style and some clever plotting. The moment where Stephen meets his daughter is very moving. I liked her other amnesia story, "A Woman of Mystery," earlier this year. That one was surprising. This time I felt two steps ahead of the characters most of the time. Anyone who hasn't read variations on this theme so many times, or who likes it reading it repeatedly, will get more out of it than I did. A fast read, but not much more. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A FANTASTIC READ! Von Ein Kunde In Undercover Dad, we meet Rachel Goforth, an ex-FBI agent and single mother. The life that she's worked hard at stabilizing is turned upside down when she receives an urgent call from her former partner Stephen Chandler warning her of oncoming danger. She agrees to flee to a safehouse where he will soon join her. Unfortunately, Stephen arrives bleeding from a gunshot wound. When he finally awakens, Stephen has amnesia and doesn't remember anything including the dangerous foe that's stalking them. And to make matters worst, Rachel has a secret she's kept from Stephen in the form of a baby girl named Jessica, Stephen's daughter. Can Rachel and Stephen figure out who's after them before the faceless enemy kills them? And will there be any hope of a lasting relationship between Rachel and Stephen once the secret of Jessica's father is revealed? Undercover Dad is a wonderful fast-paced read that you will enjoy time and time again. I recommend it. You'll love it. Trust me! Luciano

Kurzbeschreibung He'd forgotten everything his identity, his woman, his baby It had been sixteen months since Rachel Goforth had seen or heard from FBI agent Stephen Chandler, but she wasted no time heeding his frantic call warning her of danger. Yet when Stephen met her at the Smoky Mountain safe house, he arrived bleeding, dazed and with amnesia. Stephen had no memory of the cases they'd worked together or the night they'd spent together but Rachel could never forget the feel of his body against hers. She had a baby daughter to remind her. A daughter whose father didn't know her a daughter whose life was suddenly put in danger unless Stephen could remember who was on their trail. But if he did remember the past, would he and Rachel have a future? A MEMORY AWAY from passion, danger and love!
