who protects her. He decides to go undercover as her husband. It's really good because he tries not to blur the lines between professionalism and his desire for her. But the chemistry between them is electrifying and you can't wait for them to get together. He's such a great hero, the kind every woman would love to meet in real life. Roman Lufka... he's unforgettable. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A Good Beach Book! Von Billilyn Wheatee I enjoy reading Rebecca Winters' books because she doesn't insult her readers with trite dialog and pathetic situations. She is a realist who also happens to be romantic. This is one of my favorite books. She can write to almost anyone's ideal!
