On the one hand we learn more about the Outlaw MC and the fight the few men are struggling with with the government. But, and that's the most important aspect for me, we learn more about the president of the MC and his secret longings and fears.Knowing his

vice president and best friend, Liam aka Lover since they were little boys, Knox aka Outlaw has to fight his own war with his feelings. He was falling in love with his best friend a Long time ago, but is afraid to tell him or let it happen. His feelings and the urge to be with Liam grows on and on and will destroy their friendship and can't be in this bad times of war and punishment for lovin a man. Or can it? Could he try to let loose and fall for the man he secretly longs for for years? And Liam, who sees through Knox's armor and straight to his heart and soul. He knows and confronts his friend. Could they be together? I love all of the characters James comes up with! It's easy to follow the flow and to feel their angst, sadness, longing and maybe luck and happiness. You just want them to be together and happy as they deserve it! And James' guys are hot and damn sexy, too! Damn but he has some good taste and sexy naughty ideas about them being and "playing" together. Delicious. I am so looking forward now to the next installment in this series. Good Job, James! And if i haven't told you lately, you and your books are amazing!

Kurzbeschreibung What if bad guys ruled the world and the good guys were the outlaws? As President of the Outlaw MC of Mars, Knox needs to keep his head clear and always stay on alert. That's easier said than done. In the middle of this war with the government, another MC wants to start making some big moves. Knox knows they need to watch their backs but he also wants to protect his club brothers. Knox and Liam grew up looking out for one another. That didn't change when they were sent to prison or when they turned helplessness into a thriving motorcycle club. But Knox is determined to hold Liam at a distance to keep the MC objective safe. When Liam is injured, Knox is faced with a terrible truth. What if Liam dies before Knox can say just how much he loves the sexy VP? Explosions, hover bikes, corruption, and hot sex. Will life on Mars keep two men from finding happiness together?
