neues Von emma ich persönlich hab noch nie ein buch mit einem meermann als hauptperson gelesen - es war spannend und lustig, wie die autorin versucht, sich in ihn hineinzudenken. eigentlich ist ja millly, die hexe, die heldin, aber weil es eben in den "cookie club romance"-büchern um einen freundeskreis von jungen hexen geht, ist das nicht soooo besonders. die bücher sind alle gut, aber dieses hier hat mich besonders fasziniert - wahrscheinlich wegen der berlegungen, die es in mir ausgelöst hat (was würde mir am leben unter wasser gefallen? was würde mir fehlen von der welt "oben"?)

Kurzbeschreibung Milly Mystic is starting again. For a decade she was a trophy wife to a powerful wizard, and now that he's dead, she's reinventing herself. Who is the real Milly? The nice witch who sends cookies to her best pals? The carefree jet-setter? The only person she knows how to be now is the loaner sitting on her houseboat floating on Lake Superior. But maybe that's as close to the real Milly she's ever been. A fantastic opportunity is about to come her way, and one thing Milly has never been is afraid to try something new. Prince Baldwin loves being a merman. He travels the world, eats lots of fish, and on occasion catches glimpses of the beautiful humans who intrigue him so much. When a mer-angel lands in his lap, Baldwin does the only thing he can think to do--kiss her. But catching Milly and keeping her are two entirely different things.
