KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. in the end rather forgettableVon DesireeThe beginning of the book was actually quite promising. The writing was alright and the story as well. But after the first nothing of interest apart from sex (The sex gave the impression that the author read "This man" quite often but couldn't compete with the original.), drinking (Sam/Angel really has a drinking problem. She should start to think about other ways to cope with her problems.), bad taste in clothing (Sam/Angel dresses like a

slut most of the times. Short dresses in pink with a lot of cleavage) and pseudo quarrels. Of course there are people holding hands only five minutes after meeting. Very plausible. In the end I started to move from chapter to chapter hoping something interesting would happen. It did not happen. 1 von 1 Kunden fanden die folgende Rezension hilfreich. It truly was..... Von KatI was hooked! Couldn't put it down..... was captivated and it prompted me to search for the next book out soon!
