book but had tons of potential to be better. Von Ein Kunde The story line is great. Ray, a female kick-ass mercenary who is hired by rich man Eli Connors to free his brothers from kidnappers in South America. But unfortunately Ray has some serious issues like money, independence and of course providing a stable family life for a younger brother. She could have been stronger, more decisive but she got caught up in all of the above mentioned problems and the end effect was that Eli "saved" her and their "situation" at the end with his family and his stable background. A bit of a let down when compared to Foster's other storylines and books. But I would read/buy anything from Lori Foster!

Kurzbeschreibung "Foster's pages sizzle." --Christine Feehan "Say YES! to Lori Foster." --Elizabeth Lowell Who's Protecting Who? Eli Connors expected hired mercenary Ray Vereker to be a tank of a guy with forty tattoos--not the feminine ideal with lethal combat skills. While Eli certainly needs Ray's help, the rest of him is thinking he might have something to offer her. . . Ray's as good as any man when it comes to storming enemy compounds and loading an AK-47, but who could blame a girl for succumbing to mind-blowing temptation in the steamy jungle? But now it's back to business. If only Ray wasn't feeling hot, bothered, dizzy. . . Suddenly, Ray's precise, no-nonsense mission is veering wildly off course, derailed by raging hormones, out-of-control desire, and a delirious love that is completely unexpected. . . "Filled with Foster's trademark wit, humor, and sensuality." --Booklist Pressestimmen "Foster is arguably the star of Kensington's steamy erotica imprint, Brava."
