Von Stephanie Rowe : Unexpectedly Mine (Birch Crossing Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Unexpectedly Mine (Birch Crossing Book 1)

(English Edition):

Kurzbeschreibung Praised as "contemporary romance at its best," New York Times bestselling author Stephanie Rowe launches a heartwarming contemporary romance series set in a charming Maine town, where two single parents are offered a second chance at love. The moment his ex-wife walked out with his daughter, Griffin Fries lost everything that mattered to him. After two years of agonizing failure to reconnect with his daughter, he's heading to Birch Crossing to find her. Unfortunately for Griffin, he arrives to find the town has rallied against him to protect their own from an outsider. His only ally is a single mom whose warmth and determination just might break through the protective walls around his heart. Since the day she became an eighteen-year-old widow with an infant, Clare Griffin's only goal has been to provide for her daughter. She has worked so hard to be strong, and the last thing she can afford is to open her heart to a man who will soon be leaving town, no matter how much he awakens the long-extinguished light inside her. But when Griffin helps rescue her daughter in a fierce storm, an unbreakable connection is formed between Clare and the tormented business mogul, a bond that threatens the fragile foundations of their lives. A testament to Stephanie Rowe's skill and talent, one that deserves applause phenomenal... There was not a moment that I wasn't completely engrossed in the novel, the story, the characters. The narrative and dialogue surrounding these tender moments in particular were so beautifully crafted, poetic even. And of course on the flip side of the heart-wrenching events, was the amazing, witty humour superbly developed. ~Bex N Books Books in the Birch Crossing series: Unexpectedly Mine Accidentally Mine Unintentionally Mine Irresistibly Mine Mistakenly Mine (Coming Soon!) NOTE: Unexpectedly Mine was originally published under the title No Knight Needed as part of the Ever After series. ABOUT THE AUTHOR: New York Times and USA Today bestselling author Stephanie Rowe is "contemporary romance at its best" (Bex 'N' Books).
