Naughty - really naughty
Von Ein Kunde
To like this book, you have to really love S/M ... this is no beginner's introduction. Jade, the protagonist, is a really submissive "slut" with a strong streak of biting more than she can swallow comfortably. The story goes naughtier by the chapter until the final. The blurb promises not to much in this. But "true" lesbians beware - Jade is more in to bi-sexuality with a strong preference in female doms - but only preference!

Kurzbeschreibung
Jade is usually a confident young lesbian, very aware of what she wants, and what she doesn't, Unfortunately her taste for being bullied can very easily get out of hand, and when she decides to compete with her filthy uncle Rupert in collecting the uniforms of sex partners, they quickly do. What starts out as a playful if provocative hobby leads to her finding herself obliged to accomodate men as well as women, and ending up in a seriously sticky mess - literally.
