**Von Cassia Leo : UNMASKED: Volume 3: Second Edition (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised UNMASKED: Volume 3: Second Edition (English Edition):

I loved the end of Daimon and Alex's story (or is it just the beginning... ;) )Von Marincheto007I loved it. This is a great suspense romantic story. And it is not your typical one where all the main characters are straight laced and all that.Damon and Alex feel like real people. They make mistakes which could cost them their lives. In this last

instalment of the series, they learn to trust each other and to work together, as a team. Yes, I cannot say that I agree with their chosen profession but on the other hand, what they are doing just feels right on some level. A great addition to the story were also the extremely hot scenes between Damon and Alex. Between all the danger they find time for romance but also for animal attraction. In a few words, this series has everything, and no matter what genre you prefer you will find something for you here :) Definitely a recommended read :)
