Shiori and Knox are the perfect match! Really, I loved how their story went and ended!And nearing the end, I had a little squealing moment. \*coughs\* Blacktop Cowboys series \*coughs\*I love Ronin, but damn that man can drive one nuts!It was

definitely worth staying up reading and I've paid for it at work, but I just couldn't put it down! LOVE LOVE LOVE and thanks for another great awesome beautiful sexy panty-melting read, Lorelei! Knox has worked his ass off to be respected and trusted enough to be the second-in-command at Black Arts and step in for Ronin when he spends time with Amery in Japan. He's a big, muscled, good-looking guy with a favor for kink. At Twisted, he's respected for delivering pain like no other. But he would never hurt a woman, consent or not. Shiori is taking a timeout in the States and should assist Knox while Ronin is absent. Both are stubborn and strong-headed and butt heads more often than not. What no one knows, putting on a wig and a mask and Mistress B has male submissives at her feet. Since her divorce she's build walls around herself and never had a more permanent sub. One encounter at Twisted and both find themselves in a situation where more becomes a new meaning. Knox questioning himself, Shiori offering help for the time being. This exploration is so hot, your panties will caught fire! And even in all that happens with all the doubts and fears, Knox never appears as a weaker man. You fall for this big guy from the very beginning and only fall harder. A fact even Mistress B has to accept. But it wouldn't be an awesome Lorelei James book when things wouldn't get complicated, struggles putting fire to doubts and misunderstandings leading to hurt feelings and quick reactions. The characters, the story, the feelings...from the beginning til the end it's perfect! Growing characters, growing story and it evokes so many feelings. LOVED IT!
