Von Gena Showalter : Unravelled (An Intertwined Story, Book 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Unravelled (An Intertwined Story, Book 2):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Courtesy of Teens Read TooVon TeensReadTooAden Stone is not your typical teenage boy. He has a vampire princess for a girlfriend, a werewolf who is his best friend, and, oh yeah, he also has three souls who he shares his body with. When

we left Aden in Gena Showalter's last book, INTERTWINED, he had killed the vampire who murdered his girlfriend's father. Sound confusing? It's really not. He who kills the King of the vampires, becomes the new King of the vampires. Even though Aden is human, he's now also the new King. As if being King wasn't enough, there are things happening that are going to make it even harder for Aden and Victoria to be together. Mary Ann's ex-boyfriend, Tucker, is back causing mischief. Aden, with help from Victoria, is learning about the vampires that he now rules. There is also someone who wants to do Aden harm - someone who is closer than he thinks. There were questions that were raised in book one that we get answered here, but there are even more questions raised in this new story. It was so nice to get insight into the characters introduced in the first book, though. Ms. Showalter has a knack for creating characters with fascinating lives. More importantly, she has a way of making you feel for her characters, even the ones that you would rather hate. INTERTWINED was so exciting that you had to wonder if she'd be able to hold up the quality in this next book. Well, she did, and this is one reader who is definitely looking forward to the rest of the story. Although I must say that I enjoyed book one more, UNRAVELED really doesn't disappoint. Kurzbeschreibung"Since coming to Crossroads, Oklahoma, former outcast Aden Stone has been living the good life. Never mind that one of his best friends is a werewolf, his girlfriend is a vampire princess who hungers for his blood, and he's supposed to be crowned Vampire King while still a human! Well, kind of. With four souls, three now human souls living inside his head, Aden has always been ""different"" himself. These souls can time-travel, raise the dead, possess another's mind and, his least favorite these days, tell the future. The forecast for Aden? A knife through the heart. Because a war is brewing between the creatures of the dark, and Aden is somehow at the center of it all. But he isn't about to lie down and accept his destiny without a fight. Not when his new friends have his back, not when Victoria has risked her own future to be with him, and not when he has a reason to live for the first time in his life. . . .
