WHAT I WAS WAITING FOR WITH BATED BREATH! Von Betty Holloway I HAVE READ EVERY BOOK THAT MS. RAY HAS WRITTEN AND FIND THAT THIS ONE LACKS WHAT GOT HER MY HIGHEST RATING "DIVA OF ROMANCE WRITING." I FELT THE BOOK LACKED CREDITIBILITY BECAUSE WHAT GROWN BEHIND MAN WOULD LET HIS MOM DICTATE WHEN AND WHO HE SHOULD MARRY? I HAVEN'T EVEN FINISHED THE BOOK, WHICH IN ITSELF IS NOT TYPICAL OF ANY BOOKS BY FRANCIS RAY. I WORK TWO JOBS AND USUALLY FINISH HER BOOKS IN TWO NIGHTS. I'M ON THE FOURTH NIGHT AND AM TURNING THE PAGES LAKADASICALLY; NOT REALLY LOOKING FORWARD TO READING WHAT'S NEXT. I FEEL THAT MS. RAY'S CHARACTERS DO NOT SHARE THE UMP! THAT KANE AND VICTORIA, MAT AND SHANNON, DANIEL AND ADDY AND DOMINIQUE AND TRENT HAD. I SUGGEST SHE LEAVE THE MYSTERY WRITING TO THOSE THAT DO IT BEST AND GIVE US THE ROMANCE THAT SHE HAS SET HEARTS AND SOULS ON FIRE WITH. THE BEST PART I FIND THUS FAR IS THE ENTRANCE OF NAOMI AND HER DAUGHTER AND THE POSSIBLE ROMANCE BETWEEN DR. YOUNGBLOOD AND NAOMI; THE ONLY REDEEMING QUALITY FOR THIS ONE. I SINCERELY HOPE MS. RAY'S NEXT ATTEMPT WILL FIND HER BACK ON THE "TRIED BUT TRUE," BEATEN PATH OF GET DOWN DIRTY ROMANCE. I SEE THE READER BELOW GIVES THIS THE HIGHEST RATING, BUT I CAN'T AGREE, BASED ON WHAT I'VE READ BEFORE THIS. MAYBE THE SURPRISE ENDING WILL HOLD SOMETHING BETTER. A VERY DISAPPOINTED FAN!!

Catherine and Luke are stunning together. The nonchalant, handsome Luke, whose mother has had over 25 women flaunted in front of him, 27 to be exact, has by chance stumbled upon #28. When Luke goes to the cabin he shares with his cousin, Daniel Falcon (who is the fine brother in "Heart of the Falcon"), Catherine pulls a gun on Luke and she is only wearing a gray silk nightgown! This is when the flame begins. During their stay, Catherine and Luke reluctantly refuse to admit to the burning desire between them. However, as with fire, if you play around with it long enough, you will get burned. As the fire gets hotter, so does the passion between Catherine and Luke. Sounds steamy? You bet. Pick up a copy of the book, "Until There Was You" and see for yourself how hot the fire is. While you are at it, to add more wood to the fire, check out Francis Ray's other books in the Taggart/Falcon series: "Forever Yours", "Only Hers", and "Break Every Rule" and watch how high the flame burns. Also, don't forget "Heart of the Falcon" which I mentioned earlier. "Until There Was You" is another of your great books. Thanks, Ms. Ray.

Look out ladies, the Grayson men are coming. Ms Ray introduces the oldest Grayson man, Luke, and he is something else. "Until There Was You" was great, the characters and the story line. Catherine and Luke are very good together. Catherine brings out a side of Luke that not many people have seen and Luke shows Catherine that love is unconditional! Luke is the kind of guy that any woman can go crazy over because he is a man that takes you just as you are, for better or for worse. If you are liking Luke Grayson, just wait until Ms Ray introduce us to his little brothers. Oh, Luke's little sister will prove to be a handful, no doubt! I hope Ms Ray update us on how the Vet and the object of his affections are doing. Much, much, much love to Ms Ray, and keep your great works coming!

Kurzbeschreibung All he was looking for was some peace and quiet. Instead, what ex-FBI agent Luke Grayson finds in the secluded cabin in the woods is a gorgeous, smoky-eyed woman who just happens to be pointing a gun in his direction. Dr. Catherine Stewart is relieved that the handsome stranger she encounters is not a dangerous intruder. But how is she supposed to relax in her woodsy hideaway with stubborn, intense, brooding Luke around? A woman could get into a lot of trouble with a man like that and trouble is exactly what each of these two lost souls came here to avoid.

From Publishers Weekly Seeking refuge from his headstrong mother, who is hell-bent on marrying him off, 34-year-old former FBI agent Luke Grayson retreats to the solitude of his New Mexico mountain cabin, only to discover the presence of a beautiful, gun-toting visitor. Having earlier been offered the cabin by Grayson's cousin to recover from an assault and to prepare for her Santa Fe speaking engagements, Dr. Catherine Stewart, bestselling author and a professor of child psychology, is unable to hide her irritation with--or attraction to--the handsome, unwelcome stranger. Noticing something amiss in Stewart's behavior, Grayson extracts the information that she's being stalked and offers his services as a private investigator. Ray (Break Every Rule) finds common ground for the pair to develop a loving relationship in their dedication to helping others (together they adopt a wolf hybrid and care for a homeless mother and child) and highlights Grayson's dual African- and Native-American heritage through his commitment to family. From Library Journal Seeking respite from his matchmaking mother, Luke Grayson, successful private investigator and owner of his own firm, heads for his isolated cabin in the Sangre de Cristo Mountains and suddenly finds himself looking down the barrel of a .380 held by a beautiful, leggy woman with a definite no-nonsense attitude. Although this is hardly an auspicious beginning, UCLA

professor and child psychologist Catherine Stewart and Luke find themselves attracted to each other. But Catherine is hiding a secret that could keep them apart forever, and it isn't until she sees things realistically that she and Luke can find the happiness they both want. Her crisp style, realistic dialog, likable characters and fast pace make Ray (Break Every Rule) one of the better, more popular writers in the Arabesque line. She lives in Texas.
