or not it would be worth my time, and all praised Up From the Grave: A Night Huntress Novel:

KurzbeschreibungThe Grave Ends Here.Lately, life has been unnaturally calm for vampires Cat Crawfield and her husband Bones. They should have known better than to relax their guard, because a shocking revelation sends them back into action to stop an all-out war...A rogue CIA agent is involved in horrifying secret activities that threaten to raise tensions between humans and the undead to dangerous heights. Now Cat and Bones are in a race against time to save their friends from a fate worse than death...because the more secrets they unravel, the deadlier the consequences. And if they fail, their lives--and those of everyone they hold dear-- will be hovering on the edge of the grave.Final novel in the Night Huntress series.PressestimmenI always open a Frost book with happy anticipation.
