**Von Travis Luedke : Upon This Rock (Gods and Demons Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Upon This Rock (Gods and Demons Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I really

enjoyed this book very much! Von DaCon Travis Luedkes books are not what one would expect of a Sci-fi story/Romance. Here mythology meets the bible with aliens thrown in the mix. Due to the great writing style, I couldn't put it down. The only downside: it's not a standalone. So here I am hoping that it doesn't take too long for the next book to come out. If you know more of the author's books, you probably realize that you already met the other characters in his Nightlife series. So for all of you who didn't: it doesn't hurt if you read them as well, but it's not a necessity. But I really recommend it. I received an ARC for an honest review.
