whimsical but not romanticVon kcs-califI was looking forward to this book because the premise seemed so original. It

just didn't deliver. Blackstone spends the whole book trying to figure out which woman (Nora or Emma) he really wants. He doesn't have a relationship with either one of them. Emma has been asleep for 1000 yrs and Nora was his lawyer for 1 day and he doesn't see her again for 10 yrs. Nora has a lawyer-sharp mind with a fantasy-believing personality that I just couldn't buy. It became ridiculous when she was facing down a powerful wizard and witch with "I'm not afraid of you, I'm a Lawyer!" Then ordering them out of her house! If your looking for a witty fairy tale this is OK (Love Me Tender by Sandra Hill is better), but if your looking for a romance (of any kind) this isn't it! I just finished reading Utterly Charming - a book I bought and couldn't put down! I read it in one night. It's about a modern day woman who's a lawyer and her client turns out to be THE prince charming! He's in a bit of a fix and needs her help. This story has tons of magic, a magician with a snake for a familiar and of course the requisite wicked witch! Oh yeah - sleeping beauty too! It was fantastic and she has a sequel coming out called Thoroughly Kissed that I can't wait to get! The characters were so dynamic and as a reader, I could feel the heroine's attraction for the hero, and MAN, I love a feisty heroine! If any of you like stories with magic, humor and fairytales, you'll really enjoy this book! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Utterly Charming is just that Von Barbara O'Neill Not often does one come upon a book that has an intriguing plot, likable characters and a cast of secondary character who are not only zany but actually interesting. Kristine Grayson has given the reader a modern new spin on some old myths and fairy tales with a struggling young lawyer suddenly finding for herself a client who not only vastly rich, but who also happens to be a 1000-year old wizard hellbent on 'rescuing' his fated soulmate from the clutches of the evil wizard-ess. The writing is fast-paced with loads of snappy dialogue, my favorite. Ms. Grayson has me hooked and I definitely look forward to Thoroughly Kissed.

Kurzbeschreibung Once upon a time, Prince Charming fell in love with Sleeping Beauty's lawyer... Mysterious, handsome wizard Aethelstan Blackstone hires beautiful, hardworking attorney Nora Barr to get a restraining order to protect Sleeping Beauty from her evil stepmother. But if Sleeping Beauty is supposed to be his soul mate, then how come he's becoming bewitched by Nora? And when Nora finds herself baby-sitting a clueless maiden from the Middle Ages, avoiding a very wicked witch, and falling hard for a man whose magic she doesn't believe in, she begins to think that love itself is only a fairy tale. . . Welcome to a fairy tale world where the road to happily ever after is a bumpy one!
