Von Jamie Denton : Valentine Fantasy before purchasing it in order to gage whether or not it would be worth my time, and all praised Valentine Fantasy:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fans of Jamie Denton Won't Want To Miss Out! Von Jamie Denton Cait Sullivan is tired of writing "fluff" for the gossip columns about the latest glitzy parties and or dog shows. She wants a real story that will help her break into the serious world of investigative news coverage. Tipped off by Louden Avery that Fantasy for Hire is a front for a business that provides more than male strippers, Cait decides to go undercover to investigate further and gather proof. Jordan McBride, architect, moved back to San Francisco a few months ago and is in the process of setting up his own

business. When his brother, Austin, goes on his honeymoon, Jordan agrees to fill in for him for the duration. Jordan is surprised to find that the small entertainment company his brother started just to see himself through college has grown so popular. Business is booming and the entertainers are booked solid. Jordan is knocked off his feet when Cait walks in looking to hire a "Valentine Fantasy" and ready to pay two thousand dollars for the "works"! Although the company doesn't provide escorts, Jordan feels compelled to agree to Cait's wishes when he looks into her beautiful eyes and feels the tug of a strong attraction. Jamie Denton has done it again! VALENTINE FANTASY is a wonderful love story brimming with enough lust and romance to get your blood pumping furiously. Well written and original, VALENTINE FANTASY has an enticing plot and engaging characters. Jordan McBride is a character right out of the most spiciest fantasies! With sizzling romance, passion, humor and wit, this is one bewitching story fans of Jamie Denton's won't want to miss out!

Von Ein Kunde
Louden Avery informs San Francisco Herald reporter Cait Sullivan that the popular "Fantasy for Hire" firm provides services other than male stripping at bachelorette parties. Louden insists sexual favors are exchanged for large sums of money. Cait, who reports on fluffy good news, always dreamed of being an investigative journalist. She sees this as her opportunity to become a CNN reporter even as she wonders why Louden selected her. Cait decides to go underground. She meets Jordan McBride, who is temporarily running "Fantasy for Hire" while his brother goes on a honeymoon (see CHRISTMAS FANTASY for Austin McBride's tale). Cait and Jordan, an architect, feel an immediate attraction for one another. She gives him \$2000 so she can receive the "works". As Jordan provides Cait with her VALENTINE FANTASY, they fall in love with one another. However, he thinks she is a young lady with a large trust fund. When he learns the truth, Cait wonders if her budding relationship will end even as she firmly believes that "Fantasy for Hire" is innocent of Louden's charges. Though it can stand alone, VALENTINE FANTASY is an engaging contemporary romance that makes for a fine companion piece to Janelle Denison's CHRISTMAS FANTASY. Author Jamie Denton showcases her storytelling abilities by keeping the essence of the lead characters that starred in Ms. Denison's novel, but fully incorporating them into this delicious plot. The story line is fun, as the enticing lead characters' "fantasy courtship" makes for an entertaining tale. Ms. Denton provides sub-genre fans with a pleasurable novel.

Von Frayanda Wallace
I really struggled with the heroine in this book. I found her immature, foolish in her actions and undeserving of the hero. Her continued dishonesty and professional ignorance went on for far too long and it hindered the story. It was hard to agree with her reasoning for lying to the hero when verification of the facts were so readily available. At no point did it occur to her to verify the source. By the end of the story, I was exhausted with her and the tedious storyline. However, the hero was wonderful. Jordan deserved a lot more. I felt he should have run from her, rather than to her at the end of the book. This woman was an idiot.

Kurzbeschreibung
To: Jordan McBride, co-owner of Fantasy for Hire
Client: Sassy newspaper reporter Cait Sullivan. She smells a story and she'll do almost anything to get it.
Assignment: To be Cait's Valentine in every sense of the word.
Obstacle: In Cait Sullivan's opinion, Fantasy for Hire was a scandal waiting to happen. And she was going to be the one to expose the true nature of this unusual company, even if it meant going undercover as a client. But once sexy-as-sin Jordan McBride left her weak-kneed with his Valentine campaign, Cait realized she wanted him under the covers too!

Ever since she heard her first fairy tale, award winning Harlequin author, Jamie Denton, always believed in happily-ever-after and the power of love. In her opinion, there's nothing quite as heart-warming as the happy ending for a hero and heroine who overcome the odds. Always one to seek out challenge, Jamie embraced her first challenge at the age of sixteen when she married her high school sweetheart. Still happily married a whole lot of years later, she recalls with great fondness the first time she saw her own personal hero and knew, even at that tender age, that he was the one for her. With a history like that, what else could she write except Romances?
