die beiden anderen Teile bersetzt werden wrden, also habe ich mich an die Englische Ausgabe gewagt und ich muss sagen, der dritte Teil war so gut und hat mich so berhrt, dass ich aus dem Heulen nicht mehr rauskam. Nora Roberts hat es mit diesem Teil geschafft diesen Konflikt zwischen Liebe und Krieg, zwischen Verlangen und Aufgabe so darzustellen, dass man total in der Geschichte aufgehen konnte und mitgelitten hat. Gott sei dank kann man immer noch auf ein Happy End hoffen :-)

Es gab in den letzten Jahren kein Buch, das mich so mitgerissen hat und wo ich so traurig war, als es zu ende war. 2 von 2 Kunden fanden die folgende Rezension hilfreich. A fantastic work of romantic dark fantasy Von A Reviewer The Goddess Morrigan tasked the sorcerer with traveling through space and time to gather together the people who would fight for the life of humanity. Hoyt gathered Cian the vampire, the shifter Larkin, Blair the demon hunter, Glenna the witch, and Moira the Scholar princess. Through the dance of the gods they travel to Moira's homeworld of Geall, a medieval like pastoral place that has never known war to make humanity's last stand against Lilith, the vampire queen. If the circle of six and the people of Geall lose, all humanity in all the worlds will be destroyed. The final battle will take place in the Valley of Silence and Moira, who pulled the sword out of the stone that rests upon a fairy mound, is now the queen whom will lead her people. Cian, who was turned against his will by Lilith, sides with the humans even though most fear him. Moira sees him for what he is and loves what she sees so when she goes to Cian he is helpless to fight his feelings as well as hers. Both know that there is no future in their relationship but for a little while, both will know a love so powerful that it is beautiful to behold. As the battle looms, the circle of six uses innovative battle methods since the vampire horde outnumbered them four to one. This concludes The Circle Trilogy and it is by far the best series Nora Roberts has ever written as the author addresses the themes of free will, good vs. evil and the power of love to sustain and strengthen people so they make ethical choices. The tale concentrates on the characters of Cian and Moira, two star-crossed lovers who find solace in each others arms for the present. She is a magnificent warrior queen in the tradition of Boudica and he is the dark gothic hero who puts his lover's needs before his own. VALLEY OF SILENCE is a fantastic work of romantic dark fantasy!!! I would also recommend, if you missed reading Tino Georgiou's masterpiece--The Fates, go and read it. 1 von 1 Kunden fanden die folgende Rezension hilfreich. First: GREAT Second: Good Third: bad Von Leserratte It is indeed a great beginning. And Nora Roberts Style of writing is very good. However: When I read the first book, I was fascinated by the different main characters, especially by Hoyt and Glenna. The second was all in all good, but the other characters were nearly cut out by the presents of the next couple. While reading the third book I liked it, even if the development of the third relationship wasn't really surprising. But in the end there was a surprise: a bad ending for a great idea. normally I appreciate Happy Endings but please not too much, it just becomes kitschy!!! So my final comment: Good ideas with a good start but a catastrophic curve downwards in the end. Sad!!!

Kurzbeschreibung #1 New York Times bestselling author Nora Roberts presents the electrifying conclusion to her powerful Circle Trilogy. Worlds have collided and centuries have elapsed as six people have brought their unique powers, their courage, and their hearts to a battle that could drown humanity in darkness. Her face, so pale when she removed her cloak, had bloomed when her hand had taken the sword. Her eyes, so heavy, so somber, had gone as brilliant as the blade. And had simply sliced through him, keen as a sword, when they met his. In the kingdom of Geall, the scholarly Moira has taken up the sword of her people. Now, as queen, she must prepare her subjects for the greatest battle they will ever fight against an enemy more vicious than any they have seen. For Lilith, the most powerful vampire in the world, has followed the circle of six through time to Geall. Moira also has a personal score to settle. Vampires killed her mother and now, she is ready to exact her revenge. But there is one vampire to whom she would trust her soul. Cian was changed by Lilith centuries ago. But now, he stands with the circle. Without hesitation, he will kill others of his kind and has earned the respect of sorcerer, witch, warrior, and shape-shifter. But he wants more than respect from Moira even though his desire for her makes him vulnerable. For how can a man with an eternity to live love a woman whose life is sure to end if not by Lilith's hand, then by the curse of time? Don't miss the other books in the Circle Trilogy: Morrigan's Cross, Dance of the Gods. From the Trade Paperback edition. From Publishers Weekly Starred. Roberts's paranormal Circle Trilogy concludes with the "circle of six" warrior: the sorcerer Hoyt, Hoyt's vampire brother Cian, the witch Glenna, the warrior Blair, the shape-shifter Larkin and Larkin's scholar-princess cousin Moira preparing for battle against the evil vampire, Lilith. Having traveled back through time to Moira and Larkin's ancient kingdom of Geall, Moira raises the sword from the stone to take her place as queen. With her five warrior companions by her side, Moira leads her people into battle against Lilith's army of vampires, who are intent on destroying Geall. Meanwhile, Moira and Cian give in to powerful feelings of love, stealing nights of passion that could spell ruin for both of them. As war befalls the kingdom, Roberts brings the same precise, resonant energy to battle scenes that make her sexual interludes shine, grounding magic, dragons and vampires in a believable world. The truest moments of this novel, however, belong to Roberts's fully formed characters, especially in the love sacrifices of Moira and Cian. Completing her series with the real-world complications of selfless, star-crossed love, Roberts has crafted a fantasy-romance trilogy with strong appeal for romance fans of all stripes. (Nov.)
