Von Dayton Ward, Kevin Dilmore : Vanguard #2: Summon the Thunder (Star Trek: The Original Series)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Vanguard #2: Summon the Thunder (Star Trek: The Original Series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. beraus erfreulicher zweiter ReihenbandVon KundenrezensionenWhrend Klingonen und Tholianer sich stndig gegenseitig Fallen stellen, beugen beide Seiten misstrauisch die Expansion der Fderation im Taurus Reach.Und so fliegen immer wieder Raumschiffe der Klingonen und der Fderation neue Planeten an, auf denen sich zum Teil beraus seltsame und sehr alte Einrichtungen befinden. Beide Seiten sind daran interessiert, heraus zu bekommen, was es mit diesen Einrichtungen auf sich hat und auf einer fderalen Kolonie fhrt dies zum Verlust einiger Mannschaftsmitglieder eines Raumschiffs und fast aller Kolonisten. Den Klingonen gelingt es, sich ein besser zu wehren, was zwar ihr Schiff rettet, dafr aber den fraglichen Planeten als Trmmerhaufen hinterlssst.Neben der Raumfahrtshandlungen gibt es an Bord der Vanguard-Station immer wieder wichtige diplomatische und politische Auseinandersetzungen, wobei sich die Klingonen zum Teil von einer eher berraschenden Seite zeigen.Und es begegnen uns Quinn und sein neuer Reporterfreund wieder, die als Doppelagenten der Orioner und des Geheimdiensts StarFleets auftreten mssen.Sehr spannend und unterhaltsam.

KurzbeschreibungThe Taurus Reach: a remote interstellar expanse that holds a very old and potentially cataclysmic secret, the truth of which is feared by the Tholians, coveted by the Klingons, and dubiously guarded by the Federation. At the center of this intrigue is Vanguard, a Federation starbase populated by an eclectic mix of Starfleet officers and civilians, whose lives are forever altered as they explore the layers of mystery surrounding the Reach and steadily peel them away...one after another. In the aftermath of Harbinger, Commodore Diego Reyes commands Vanguard while waging an intensely personal struggle, tasked to uncover the true significance of the Taurus Reach while simultaneously concealing that mission from his fellow officers -- and even his closest friends. As the Daedalus-class U.S.S. Lovell brings some of Starfleet's keenest technical minds to help, the U.S.S. Endeavour makes a find that could shed further light on the enigmatic meta-genome that has captured the Federation's interest -- if its crew survives the discovery.... Deep within the Taurus Reach, an ancient and powerful alien mind has awakened prematurely from aeons of hibernation, alerted to the upstart civilizations now daring to encroach upon the worlds in her care. With the stakes for all sides escalating rapidly, the alien lashes out with deadly force against the interlopers, propelling the Vanguard crew on a desperate race to understand the nature of the attacker, and to prevent the Taurus Reach from becoming a war zone.KurzbeschreibungThe Taurus Reach: a remote interstellar expanse that holds a very old and potentially cataclysmic secret, the truth of which is feared by the Tholians, coveted by the Klingons, and dubiously guarded by the Federation.
